FROM THE CHANCELLOR

SRM Institute of Science and Technology engineering programs endeavor to be at the forefront of innovation. They also foster multi-disciplinary collaborations aimed at solving the most pressing global problems.

Our mission is to seek solutions to global challenges by using the power of engineering principles, techniques and systems. We believe that engineers should not only possess deep technical excellence, but also nurture creativity, cultural awareness and entrepreneurial skills that come from exposure to science, business, medicine and other disciplines - all an integral part of the SRM experience.

Our goal is to deliver world class, problem driven programs that inspire curiosity and generate new knowledge and discoveries. Our collaboration with over 50 of the world's best universities and 215 corporates strengthens our academic and research programs.

The University is committed to pioneering innovations in research, transferring discoveries to broader community and educating tomorrow's leaders and entrepreneurs.

Dr. T. R. Paarivendhar

Founder Chancellor

SRM Institute of Science and Technology

VISION

To emerge as a world-class University in creating and disseminating knowledge and providing students a unique learning experience in science, technology, medicine, management and other areas of scholarship that will best serve the world and betterment of mankind.

MISSION

TO MOVE UP through international alliances and collaborative initiatives to achieve global excellence.

TO ACCOMPLISH A PROCESS to advance knowledge in a rigorous academic and research environment.

TO ATTRACT AND BUILD PEOPLE in a rewarding and inspiring environment by fostering freedom, empowerment, creativity and innovation.

RECOGNITION AND ACCREDITATION

A continuous emphasis on modern teaching methods, global links for research, student exchange and knowledge sharing, world class infrastructure, placement, diversity of students and industry institute interactions have consistently placed SRM students well ahead in every field. This dedication to academic excellence has brought accolades to the University in the form of recognition and accreditation.

RECOGNITION

The University Grants Commission (UGC) and MoE, Ministry of Education, Department of Higher Education, Government of India, granted graded autonomy to SRMIST by classifying as a Category - I University

UNIVERSITY ACCREDITATION

SRM is accredited by NAAC (National Assessment and Accreditation Council – an Autonomous Institution of the University Grants Commission) with 'A++' grade – the highest grading.

PROGRAM ACCREDITATION

Following programs of Kattankulathur Campus stand accredited by the NBA under Tier - I category (Washington Accord)

- Biotechnology
- Mechanical Engineering
- Civil Engineering
- Electrical and Electronics Engineering
- Electronics and Communication Engineering

The following programs of Kattankulathur Campus are accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org>.

- B.Tech Civil Engineering
- B.Tech Mechanical Engineering
- B.Tech Electrical and Electronics Engineering
- B.Tech Electronics and Communication Engineering

ABOUT THE INSTITUTE

SRM Institute of Science and Technology – **SRMIST**- (formerly known as SRM University), which came into existence in the year 2002, is one of the top ranking Universities in India functioning in five campuses located at Kattankulathur (Main Campus), Ramapuram, Vadapalani in Tamil Nadu, fourth campus at Modi Nagar, National Capital Region (NCR) Ghaziabad, near Delhi, and fifth Campus at Tiruchirappalli, Irungalur, Tamilnadu. SRM IST serves with over 70000 full-time students and 3900 faculty, offering a wide range of Undergraduate, Postgraduate and Doctoral programs in Engineering, Management, Medicine and Health Sciences, Science and Humanities, Agriculture and Law. The campuses cover a total area of **460** acres. The main Kattankulathur campus is located in a sylvan campus skirting the National Highway (NH45), about 15 kilometers from Tambaram, Chennai.

The campuses consist of buildings with a built-up area of about 12 million square feet with various facilities, state-of-the-art laboratories, libraries, Wi-Fi connectivity, a knowledge center, 600 Wi-Fi enabled / smart class rooms, Hostels for boys and girls with premium facilities. Endless conveniences on the campus include Banks with ATMs, Hospital, Post office, bookstores, dining options, cafeterias, gymnasium, indoor game centers, prayer halls, staff quarters, guest houses and other facilities.

Additionally, the University features the Dr. T. P. Ganesan Auditorium, a multipurpose venue with a seating capacity of 3,100. The campus also includes two fifteen-story buildings: the Tech Park and the University Administrative Building, which houses the University Library.

SRM added a feather to its already glorious cap in 2011 by hosting the 98th edition of The Indian Science Congress where the distinguished delegates including six Nobel Laureates and other celebrated Scientists, Academicians and Philosophers participated and delivered their thoughts. The launching of SRMSAT (satellite) is another milestone which other Universities across the country are yet to reach.

In 2011, SRM University further enhanced its prestigious reputation by hosting the 98th edition of the Indian Science Congress. This event saw participation from distinguished delegates, including six Nobel Laureates, along with renowned scientists, academicians, and philosophers who shared their insights. Another significant achievement for SRM was the launch of SRMSAT, a milestone that sets it apart from other universities across the country.

SRM Institute of Science and Technology has achieved many milestones over the years and a few of them are highlighted below:

- SRMIST is accredited by NAAC (National Assessment and Accreditation Council) with the highest Grade of 'A++' in the year 2024.
- It is classified as **Category I** University by UGC/MHRD.
- All Engineering programs are approved by the AICTE (All India Council for Technical Education).
- QS (Quacquarelli Symonds-United Kingdom) has rated SRM Institute of Science and Technology globally as a 4-star Institute, in its second cycle, with Five Star ratings in Teaching, Employability, Online Learning, Innovation, Social Responsibility and Inclusiveness.
- QS-IGUAGE has rated SRMIST with the highest Platinum grade, thus improving upon the Diamond rating in the last cycle. SRMIST has also attained platinum rating in Employability, Faculty Quality, Governance and Social Responsibility.
- SRMIST has been ranked at 12 under University category and 13 under Engineering by NIRF-2024 (National Institutional Ranking Framework-MoE).
- SRMIST stands 4th in the country and 147th in the world the ranking by UI Green Metric World University Ranking on Sustainability.

- SRMIST gets regularly featured in the Global Ranking conducted by QS and THE (Times Higher Education-United Kingdom). SRMIST has been globally ranked in 13 subject areas in 2024 by QS
- SRMIST Rated as “AA” for the year 2023 by NPTEL – SWAYAM and secured second position in India
- Following programs of Kattankulathur Campus stand accredited by the NBA under Tier I category (Washington Accord)
 - Biotechnology
 - Mechanical Engineering
 - Civil Engineering
 - Electrical and Electronics Engineering
 - Electronics and Communication Engineering
- Programs of Kattankulathur Campus namely
 - B.Tech Civil Engineering
 - B.Tech Mechanical Engineering
 - B.Tech Electrical and Electronics Engineering
 - B.Tech Electronics and Communication Engineering

are accredited by the Engineering Accreditation Commission of ABET, USA.
<http://www.abet.org>.

- Programs of Kattankulathur Campus namely B.Tech Computer Science and Engineering, B.Tech Software Engineering, B.Tech Electronics and Instrumentation Engineering and B.Tech Automobile Engineering are accredited by The Institution of Engineering and Technology (IET-United Kingdom). <https://www.theiet.org>.
- SRMIST's Kattankulathur Campus is 14001: 2015 certified

Foreign faculty, flexible and dynamic curriculum, exciting research and global connections are the features that set SRM apart. Every year over 200 students are sponsored to study in more than 35 foreign Universities such as MIT, Carnegie Mellon, UC Davis, Warwick, Western Australia etc. Fifty members from the top Universities across the world including MIT, Stanford, UC Berkeley,

Cambridge and NUS help to set global standards. Over 100 top executives from leading corporate Institutions constantly interact with the faculty and students to help formulate the academic and research activities. This collaboration contributes to SRMIST's status as one of the world-class universities in India.

The College of Engineering and Technology (Engg. & Tech.) which comprises of Engineering and Architecture programs serving more than 20,000 students with a faculty strength of over 1,500.

The curriculum and syllabus for all engineering programs were updated in 2018-19 and further revised in 2022-23 to align with AICTE guidelines and reflect current technological advancements.

SRM Institute of Science and Technology is run by the Trust SRM Institute of Science and Technology. The motivating force behind it is our dynamic Founder - Chancellor Dr. T. R. Paarivendhar – formerly an honourable Member of Parliament in the 17th Lok Sabha - who, for the past five decades, has been rendering yeoman service to the cause of education in our country.

MEMBERS OF CORPORATE ADVISORY BOARD

We stay in tune with Industry Trends.

The Corporate Advisory Board (CAB) at SRM is a unique platform connecting over 150 industries across the country. It helps to keep the University's Engineering and Management programs in tune with industry trends, by bringing students face to face with Senior Managers, Vice Presidents, Chairmen and the top management of leading companies in the industry.

Working in partnership with industry helps students and faculty members gain a broader view and gives them the expertise to live and work in a global context. It also gives them the right attitude and aptitude to translate the new knowledge from research to practical ends.

The following are the members of Corporate Advisory Board who help us to turn our goals into reality:

UNIVERSITY RESEARCH COUNCIL

Fostering research has always been a priority at SRM Institute of Science and Technology (SRMIST) by making it as a research-driven Institute of national importance. SRMIST has been providing strong support through providing huge infrastructure for the researchers. High-performance computing facilities is one of the niche facilities offered by SRMIST, and it is the only privately funded Institution which has created such facilities almost 5 years ago. Given its importance to the theoretical researchers, the facility is being expanded through cloud resources as well. A separate research building, Sir C.V. Raman Research Park, is dedicated to research. Central Research Facilities (CRF) host state-of-the-art facilities aimed at serving both researchers from SRMIST and outsiders as well. The research activities in SRMIST include academic research, sponsored research, and industry consultancies. These activities are being carried out in the Colleges of Engineering and Technology, Agricultural Sciences, Science and Humanities, and Medical Health Sciences, SRM Institute of Science and Technology. Thus, Research and Innovation happen in almost all streams in SRMIST.

Composition of the Committee

The Committee shall comprise

Chairman: Prof. C. Muthamizhchelvan, Vice Chancellor

Ex- Officio Members:

1. Dr. Lt Col A. Ravi Kumar, Pro-Vice Chancellor, Medical & Health Sciences
2. Dr. A. Vinay Kumar, Pro-Vice Chancellor, SHML
3. Dr. S. Ponnusamy, Registrar
4. Dr. K. Gunasekaran, Controller of Examinations
5. Dr. T. V. Gopal, Dean [CET]
6. Prof (Dr). Nitin M Nagarkar, Dean [Medical]
7. Dr. Shivganesh Bhargava, Dean, School of Management Studies
8. Dr. A. Duraiswamy, Dean, Faculty of Science and Humanities
9. Dr. J. Vincent Comraj, Dean i/c, School of Law
10. Dr. V. Chitra, Dean, School of Pharmacy
11. Dr. R. Vijayalakshmi, Dean i/c, School of Nursing
12. Dr. Veera Goudhaman, Dean i/c, School of Physiotherapy

13. Dr. U. Ganapathy Sankar, Dean, School of Occupational Therapy
14. Dr. D. John Thiruvadigal, Dean [Sciences]
15. Dr. M. Vairamani, Dean, School of Bio Engineering
16. Dr. D. Kingsly Jebasingh, Dean, School of Mechanical Engineering
17. Dr. Revathy Venkatraman, Chairperson, School of Computing
18. Dr. M. Jawaharlal, Dean, College of Agricultural Sciences
19. Dr. N. Vivek, Dean, SRM Kattankulathur Dental College & Hospital
20. Dr. M. Murali Krishna, Dean[E&T], Ramapuram
21. Dr. C. V. Jayakumar, Dean[E&T], Vadapalani
22. Dr. R.P. Mahapatra, Dean, Modinagar
23. Dr. K. Ravi, Dean, SRM Dental College, Ramapuram
24. Dr. Uppu Ramachandraiah, Dean [Research], Ramapuram
25. Dr. N. Malmurugan, Director, Trichy
26. Dr. R. Jagadeesh Kannan, Dean[E&T], Trichy

Members:

1. Prof. T. P. Singh, G.N. Ramachandran Chair Professor, SRM IST and Biophysicist, All Indian Institute of Medical Sciences, New Delhi.
2. Prof. A. Ajayaghosh, Shanti Swarup Bhatnagar Chair Professor, SRMIST and Honorary Professor of AcSIR and J.C. Bose National Fellow, CSIR – National Institute for Interdisciplinary Science and Technology, Thiruvananthapuram
3. Dr. Rajiv Janardhanan, Dean [Medical Research]
4. Dr. N. Selvamurugan, Professor, Biotechnology
5. Dr. K. Vijayakumar, Professor, EEE
6. Dr. Paromita Chakraborty, Head, REACH
7. Dr. R. C. Sathish Kumar, Dean [IIISM]

External Members:

1. Prof. K. N. Ganesh, SERB National Science Chair and Former Director, Indian Institute of Science Education and Research, Tirupati
2. Dr. K. Ramesha, Director, CECRI, Karaikudi, Tamil Nadu
3. Dr. K. Subramanian, Senior Vice President, Ashok Leyland, Chennai
4. Prof. Madhu Mutyam, Professor, Computer Science and Engineering, Indian Institute of Technology Madras, Chennai

5. Prof. Sib Sankar Roy, Chief Scientists, AcSIR, CSIR – Indian Institute of Chemical Biology, Kolkata.
6. Prof. Balasubramanian Sundaram, Professor, Jawaharlal Nehru Centre for Advanced Scientific Research, Bangalore
7. Prof. L. Pushpa Kumar, Professor of Law, Faculty of Law, University of Delhi, New Delhi
8. Dr. M. Kannadhasan, Professor, Finance & Accounts, Indian Institute of Management, Raipur
9. Dr. R. Brakaspthy, R & D Advisor, Indian Institute of Technology Madras, Chennai
10. Mr. KRS Narayan, Business Leader, Carbon Abatement Initiatives & Economic Intelligence, Reliance Industries Limited, Navi Mumbai

Member Secretary – Prof. B. Neppolian, Dean [Research]

Terms of Reference

1. To work with Colleges/Schools/Departments to improve the existing research ecosystem, creating necessary human resource and PhD scholars, required infrastructure to enable SRMIST to be positioned at the forefront of national and international developments and shaping the future research agendas
2. To suggest the priority areas of research in the Colleges / Schools / Departments particularly with reference to the role and responsibility of the Institute taking into account the facilities available in the Institute and expertise of the faculty members
3. To promote collaboration and interdisciplinary research both internally and externally, nationally and internationally, to improve the quality of research at SRMIST. The University Research Council (URC) could advise and help the faculty members to establish collaboration with national laboratories and premier Institutions
4. To advise on the development of strategic research partnerships with industries
5. To oversee the development and delivery of appropriate staff development activities for researchers

6. To oversee local implementation of national research activities of national importance, for instance, Clean energy initiative, Nanotechnology, Smart Cities, Cyber-Physical Systems, Waste to Energy etc. Also, the URC could suggest and guide in establishing Centers of Excellence (CoEs)
7. To advise on and monitor the progress towards research grants received by the faculty members from the Government agencies, industries, etc
8. To develop and review policies and practices to improve the quality, impact, and quantity of research activity, monitor implementation, and evaluate outcomes
9. To approve procedures for allocating research funds and monitor their implementation
10. To formulate guidelines pertaining to the conduct of PhD and Post-Doctoral research programs offered by SRMIST on the lines prescribed by the UGC
11. To support IP related activities of faculty members, researchers, and students; the Intellectual Property Cell (IPC) facilitates the patent filing process, spin-off provision, licensing the know-how, and industry liaison

Frequency of the Meetings

A minimum of two meetings shall be scheduled in a year (January and July of the academic year). Additional meetings may be scheduled on a need basis.

Quorum

The quorum for meetings shall be 1/3 of the membership.

Term of the Membership

Nominated members shall serve for a term of two years.

INTERNATIONAL RELATIONS

The Directorate of International Relations supports International students in adapting to and fully engaging with the campus community at SRM Institute of Science and Technology. The roles of International Relations are

1. Develop, Review and Manage MoUs with International Universities

- Identify top QS ranked universities and sign MoU with them for Student MOBILITY and Faculty MOBILITY
- Review the progress of each MoU and Renew them three months before expiry

2. Develop and maintain an effective relationship with International Universities for SRM students

- To work on research projects (short-term to long-term) with students and faculty of International universities
- To attend (one semester to two years) classes or do projects in International Universities in order to complete their intended course of study
- To spend one week to 20 days in a International University to understand the culture and learning methods of the visiting country and the University (Immersion Programs)
- To attend twinning/dual degree/pathway programs with partner universities
- To facilitate graduating students to pursue higher education abroad

3. Develop and maintain a strong relationship with International Universities for Faculty Exchange

- SRM faculty to spend (one month to a year) in International Universities to learn teaching Pedagogy, to teach and to perform research with their faculty
- Faculty of International Universities to spend (one month to a year) in SRM to teach and/or perform research with SRM faculty
- SRM faculty to pursue their post doctoral fellowship with the International Universities

4. International students at SRM

- Promote SRM to International Students (more specifically Asian countries, Australia & New Zealand, Middle-East, and African students)
- Provide continuous support during application process, offer admission and complete admission process to qualified international students
- Manage the Scholarship program for International Students
- Provide the necessary support to the Students during their entire stay at SRM and India
- Orientation to new students prior to the start of the academic year
- Directorate of IR provides counseling on personal, academic and financial matters, immigration procedures, programs for social and cultural exchange, information about international employment and need-based English classes for the international students.

Visiting Faculty on Long Tenure

Visiting faculty from foreign universities greatly benefit SRMIST by developing a clear value proposition to participate in short/long term teaching and research engagements by

- Promoting international education
- Enhancing research quality and providing exposure to diverse cultures and global trends

Some faculty members from foreign universities are engaged in long-term teaching at SRMIST, while many others visit the campus regularly for academic and research purposes. This continuous exchange fosters mutual interaction and learning opportunities for both students and faculty. The visiting faculties currently at SRM are:

INTERNAL QUALITY ASSURANCE CELL (IQAC)

In pursuance of the National Action Plan of the National Assessment and Accreditation Council (NAAC), Bangalore, for performance evaluation, assessment and accreditation and quality up-gradation of Institutions of higher education, there is a stipulation that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of an institution's system and work toward realizing the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the performance of Institutions. The IQAC will make a significant and meaningful contribution in the post-accreditation phase of Institutions. During the post-accreditation period, the IQAC will channelize the efforts and measures of an institution towards academic excellence.

Strategies

IQAC shall evolve mechanisms and procedures for

- ensuring timely, efficient and progressive performance of academic, administrative and financial tasks;
- maintaining and upgrading the relevance and quality of academic and research programs;
- equitable and affordable access of academic programs to various sections of society;
- optimizing and integrating modern methods of teaching and learning;
- establishing the credibility of evaluation procedures;
- ensuring the adequacy, maintenance and functioning of the support structure and services and
- sharing research and networking with other Institutions in India and abroad.

Functions

Some of the functions expected of the IQAC are:

- Development and application of quality benchmarks / parameters for various academic and administrative activities of an Institution;
- Dissemination of information on various quality parameters of higher education;
- Organizing of workshops and seminars on quality related themes and promotion of quality circles;
- Documentation of the various programs / activities leading to quality improvement;
- Acting as a nodal agency of the Institution for quality-related activities; and
- Preparation of the Annual Quality Assurance Report (AQAR) to be submitted to NAAC based on the quality parameters.

Benefits

IQAC will facilitate:

- A heightened level of clarity and focus in institutional functioning towards quality enhancement and facilitate internalization of the quality culture;
- The enhancement and integration among the various activities of the Institution and institutionalize good practices;
- A sound basis for decision making to improve institutional functioning;
- A positive change in the Institution; and better internal communication.

Recent contributions by IQAC to the College of Engineering and Technology

- NAAC IV Cycle Accreditation (Awarded the highest A++)
- QS- IGAUGE Platinum rating
- AICTE awards
- FICCI awards
- Quality enhancement through regular IQAC meetings
- Accreditation of five engineering programs at Kattankulathur campus by NBA

- Accreditation of five engineering programs at Kattankulathur campus by Engineering Accreditation Commission and Computing Accreditation Commission of ABET, (<https://www.abet.org>)
- Accreditation of four engineering programs at Kattankulathur campus by The Institution of Engineering and Technology (IET)
- Development of regulations and curriculum
- Participation in surveys conducted by media
- Preparation of reports for submission to UGC / MHRD / AIU
- Participation in NIRF(MHRD) / QS / Times Higher Education ranking surveys
- Advisory role in enhancing research publications, patents, faculty recruitment
- Preparation of annual MHRD-AISHE report
- Preparation of University annual report
- QS-Rating Process resulting in 4 star status for SRMIST
- Participation in Swachh Bharat Ranking Process
- Advisory role in internal promotion
- Student feedback on teaching
- Stakeholders' feedback on curriculum and syllabus

Faculty Members incharge of IQAC

- ***Prof. G. Augustine Maniraj Pandian, Dean, (IQAC)***
- Dr. A. Arokiaraj Jovith, (Associate Professor)
- Dr. M. Balasubramanian, (Associate Professor, AICTE Coordinator)
- Dr. R. Thenmozhi, (Associate Professor)
- Mr. R. Neelakandan, (Teaching Associate)
- Ms. B. Mekala (Secretary to Dean IQAC)
- Mr. E. S. Suresh (DTP Operator)

UNIVERSITY CENTRAL LIBRARY

The University Central Library spans the ground floor and three additional floors, covering a built-up area of 1.5 lakh square feet within the University Administrative Block. Designed with modern and functional aesthetics, it is centrally air-conditioned, equipped with CCTV surveillance, and automated using Radio Frequency Identification (RFID) Technology.

The University Central Library's collection includes 152,743 volumes, with 73,049 titles covering Engineering and Technology, Management, Physical Sciences, Life Sciences, Humanities, and Architecture.

The library subscribes to 174 print journals and 38,733 e-journals including IEL (IEEE Electronic Library) Online, ACM Digital Library, Springer Nature, Science Direct, ASCE, ASME, IOP, Nature, Emerald e-Journals Premier and online databases, SAE Digital library, Springer Materials, SCOPUS, EBSCOHost Business Source Premier, ProQuest, Emerald, J-Gate, Lexis Advance, SCC Online, CDJ and 2,12,120 E-books from publishers like John Wiley, Elsevier, Springer, Pearson Education, IET Publications and EBSCO e-book collections to cater to ever-growing needs of students, staff and research scholars. Members can access these resources throughout the campus through Wi-Fi.

The University Central Library features various sections, including a Stack Area, 200-seater Reading Halls on each floor, a Conference Hall, a Technical Section, a Library Office, and a Seminar Hall. Additionally, there are dedicated libraries for the School of Architecture and the School of Law, as well as a separate section for Braille resources.

The library has facilities like a well-furnished Video Hall containing 700 Video programs, SWAYAM/NPTEL video courses and other e-Learning resources initiated by the Government of India Shodhsindhu, Shodhganga and National Digital Library (NDL).

The University Central Library is a member of the Madras Library Network (MALIBNET) and the Developing Library Network (DELNET), providing staff and students access to major participating libraries across India. The library also offers Inter-Library Loan (ILL) and Contents Page Service, along with facilities such as an Internet browsing center and a Reprography Section.

SRMIST Library is affiliated with the Institution of Engineers, Kolkata, the British Council Library, Chennai, the American Information Services Center, and the Institute for Steel Development & Growth (INSDAG). These affiliations allow members to borrow journals, magazines, and video programs not available at SRM. To utilize these resources, members must adhere to the library's rules and regulations, which are periodically reviewed to meet evolving needs.

1. *MEMBERSHIP*

Membership is open to all the faculty, staff, research scholars and students of SRM Institute of Science and Technology.

2. *WORKING HOURS*

The working hours are as follows:

A. *Central Library*

Week days	8.00 am to 12.00 Midnight
Saturday and Sunday	09.00 am to 07.00 pm

3. MEMBERSHIP CATEGORY

Category	No. of Books (that can be borrowed)	Duration
Teaching Faculty	8	Full semester
Supporting Staff		
Programmers	4	15 days
Lab Assistants	2	15 days
Student Members		
Under Graduate	3	15 days
Post Graduate	4	15 days
Research Scholars	4	15 days

Note: Students who achieve a CGPA of 8.5 or higher are eligible to borrow additional two books. The Head of Department (HoD) can recommend these students to the library through the Dean.

Members are accountable for all books borrowed using their library cards.

Final-year students must obtain a “No Dues Certificate” from the University Library. The Course Completion/Mark Sheet and Degree Certificate will only be issued upon submission of this certificate.

Similarly, staff members intending to leave the institution must settle all dues, including returning ID cards, and obtain No Dues Certificate (NOC) from the University Librarian.

4. LOSS OF ID CARDS

If a member loses their ID card, they must follow the procedure outlined below:

- Loss of ID cards (Smart Card 4K) should be reported immediately to the University Library so as to block the account.
- Duplicate ID cards will be issued by the ID Card Section upon payment of Rs.1000/- (via Demand Draft). Members must provide an undertaking that they will remain responsible for any loss resulting from the inadvertent use or misuse of the lost card.

5. LENDING OF BOOKS

- Books, excluding reference books, will be issued to student members for a period of 15 days. Faculty members can borrow books for an entire semester.
- Reference Books, Encyclopedias, Handbooks, Dictionaries, Periodicals, Student Project Reports, Dissertations, Theses, and Back Volumes are for reference only and cannot be issued.
- Members are allowed two renewals if there are no reservations against the books. For renewal, books must be presented at the library counter.
- Members can also renew books online at <http://emanager.srmuniv.ac.in/elibrary> using their login credentials.
- Before leaving the counter, members must check the condition of the books they intend to borrow. Any damage or marking should be reported to the Librarian immediately; otherwise, the member will be held responsible.
- Books in high demand may be lent for shorter periods as necessary, and such books may be recalled at any time if required.
- Absence is not an acceptable excuse for delays in returning or renewing books.

5. OVERDUE CHARGES

- Members are advised to return / renew the books on or before the due date marked on the book, failing which a penalty will be collected. The details of the penalty are as follows:

01 - 15 days	Rs.1/- per day
16 - 30 days	Rs.2/- per day (from day one)
31 days and above	Rs.5/- (from day one)

Undue delay in returning the books will result in the cancellation of membership.

6. LOSS OF BOOKS

Loss of books, if any, should be reported to the library immediately, and it should be replaced with a new copy and the overdue charges, if any, must be paid. In case the borrower is unable to replace the books that are lost, he/she will be levied a penalty three times the cost of the book plus overdue charges, if any.

7. RESERVATION OF BOOKS

Members can reserve books that have been issued through the library website: <http://emanager.srmuniv.ac.in/library>. The availability status will be informed to the members by email, or they can check the reservation status in the library web site. The reserved book(s) will be kept at the issue counter for 2 days. If members fail to collect the book(s) within 2 days, the book(s) will be given to the next member in the wait list.

8. LENDING OF LAPTOP

- Laptops can be borrowed from the library for 14 days.
- Laptops must be returned or renewed on the due date. A late fee of Rs.50/- per day will be charged for overdue laptops.

- The loan period cannot be extended, and laptops cannot be transferred to other members.
- Do not change the system settings configured at the time of issue.
- Do not set any password protection for booting the system.
- Check the working condition of the laptop at the time of issue. Contact ITKM for any additional application software requirements.
- Members are solely responsible for any physical damage to the laptop and its accessories.
- In case of loss or damage, the cost will be recovered, or a replacement must be provided by the concerned member.

9. GENERAL

- All members must prominently display their identity cards and present them to security if required.
- Personal books, files, hardbound materials, and other articles (except a small notebook or loose sheets of paper) are not allowed inside the library. Members must deposit their personal belongings at the deposit counter near the entrance.
- Silence must be strictly observed inside the library.
- The use of mobile phones inside the library is prohibited.
- Members are accountable for any damage they cause to books or other university property. They will be required to replace any damaged items.
- Misbehavior in the library will result in the cancellation of membership and other serious disciplinary actions.
- Marking or writing in books is strictly prohibited. If any damage or marking is found, the concerned member must replace the book.
- Regardless of the above, the decision of the university authorities in all matters is final.

INFORMATION TECHNOLOGY AND KNOWLEDGE MANAGEMENT (ITKM)

ITKM is responsible for planning, implementing, and managing technology initiatives in support of academic, research and administrative operations at SRM Institute of Science and Technology (SRMIST).

ITKM Mission

The mission of ITKM is to support SRMIST's vision of emerging as a world-class University by

- Deploying cutting-edge technology infrastructure and applications to support faculty and administrators in servicing their constituents.
- Enabling access to knowledge resources and supporting the academic community to achieve excellence in delivering high-quality education and research.
- Achieving a paperless organization by process excellence and automating business processes.

Information Technology

- Technology Services – Servers, Network, and Security
- Projects and Implementation – Consultancy, procurement, implementation, and maintenance
- System Services – End User Computing, Desktop, Laptop, Printer, Software
- Support and Service Desk

Knowledge Management

- User Account and Access Management
- Software and Licensing
- Application Development – Business Process Automation
- Productivity and Collaboration – Email, Zoom, Teams, Google Classroom

Your Rights and Responsibilities

The computing resources at SRM Institute of Science and Technology (SRMIST) support the University's educational, instructional, research, and administrative activities, and the use of these resources is a privilege extended to members of the SRMIST community. As a user of these services and facilities, SRMIST members have access to valuable University resources and internal and external networks. Consequently, the SRMIST community needs to behave responsibly, ethically, and legally.

SRMIST community has access to Computing resources, including all the SRMIST owned, licensed, or subscribed, and leased or managed software and hardware and use of the SRMIST network via a physical or wireless connection, regardless of the ownership of the computer or device connected to the network.

As a member of the SRMIST community, the University provides you with scholarly and work-related tools, including access to specific computer systems, servers, software and databases, and to the internet. You have a reasonable expectation of unobstructed use of these tools, of certain degrees of privacy (which may vary depending on whether you are a faculty or staff member or a student), and of protection from abuse and intrusion by others sharing these resources.

In turn, you are responsible for knowing the regulations and policies of SRMIST that apply to the appropriate use of SRMIST's computing resources and facilities. You are responsible for exercising good judgment using the SRMIST's technological and information resources.

As a representative of the SRMIST community, you are expected to respect the University's good name in your electronic dealings with those outside the University. Effective security is a team effort involving the participation and support of every member of the University who deals with information or information systems. It is the responsibility of every computer user to know applicable guidelines and to conduct their activities accordingly.

Acceptable Use

The below list provides a framework for activities in the acceptable use category.

- ✓ You should only use the computers, computer accounts, and computer files for which you have authorisation.
- ✓ You should not use another user's account or attempt to capture or guess other users' passwords.
- ✓ You are individually responsible for the appropriate use of all resources assigned to you, including the computer, the network address or port, software and hardware. Therefore, you are accountable to the University for all use of such resources. As an authorised SRMIST user of resources, you should not enable unauthorised users to access the network by using an SRMIST computer or a personal computer connected to the SRMIST network.
- ✓ SRMIST is bound by its contractual and license agreements respecting specific third-party resources; you are expected to comply with all such agreements when using such resources. You can't violate the rights of any person or company protected by copyright, trade secret, patent or other intellectual property, or similar laws or regulations, as this will qualify as illegal downloading. Also, installation or distribution of "pirated" or other software products not appropriately licensed for use is strictly prohibited.
- ✓ You must configure hardware and software to reasonably prevent unauthorized users from accessing SRMIST's network and computing resources. You should make a reasonable effort to protect your passwords and secure resources against unauthorised use or access.
- ✓ You should not attempt to access restricted portions of the network, an operating system, security software, or other administrative applications without appropriate authorisation by the system owner or administrator.
- ✓ You should comply with the policies and guidelines for any specific set of resources you have been granted access to. When other policies are more restrictive than this one, the more restrictive one takes precedence.

- ✓ You should not use SRMIST computing or network resources in conjunction with the execution of programs, software, processes, or automated transaction-based commands that are intended to disrupt (or that could reasonably be expected to disrupt) other computer or network users or damage or degrade performance, software or hardware components of a system.
- ✓ On SRMIST network or computing systems, you should not use tools that are normally used to assess security or to attack computer systems or networks (e.g., password 'crackers,' vulnerability scanners, network sniffers, etc.) unless you have been specifically approved and authorised by Directorate of ITKM.

Unacceptable Use

- ✓ Gain or attempt to gain or help others gain access without authorisation.
- ✓ Allow other individuals (e.g. friends, co-workers, spouse, children, etc.) to use your account.
- ✓ Waste of information technology resources and assets (for example, by implementing or propagating malware, using destructive software, engaging in inappropriate game playing, or monopolising information technology resources and assets for entertainment or personal use).
- ✓ Harass or intimidate others in violation of law or sexual harassment or discrimination based on race, colour, religion, gender, national origin, age, disability, sexual orientation, veteran status or violation is strictly prohibited.
- ✓ Attempt to monitor, copy, delete, change or tamper with another student, staff, faculty members, or any other individual's communications, files, or software without the explicit agreement of the owner;
- ✓ Make, use, store, or transmit illegal copies or material of copyrighted or patented software/media.
- ✓ Attempt without authorisation to circumvent or subvert normal security measures or engage in any activity that might be harmful to systems or

information stored thereon or interfere with the operation thereof by disrupting services or damaging files (Examples include but are not limited to running "password cracking" programs, attempting to read or change administrative or security files or attempting to run administrative programs for which permission has not been granted, using a telnet program to connect to system ports other than those intended for telnet, using false identification on a computer or system or using an account assigned to another, forging mail or news messages, or using any application or system that circumvents security or operational configurations that have been established to optimise University computer resources and assets).

- ✓ Any and all criminal activity.
- ✓ Violate state laws pertaining to the use of information technology resources and assets and/or violate any of the regulatory laws or statutes involving data protection or privacy.

Fair Share of Resources

ITKM and other University departments which operate and maintain computers, network systems and servers are expected to maintain an acceptable level of performance. They must ensure that frivolous, excessive, or inappropriate use of the resources by one person or a few people does not degrade performance for others. The campus network, computer clusters, mail servers, Internet bandwidth and other central computing resources are widely shared and limited, requiring that resources be utilised with consideration for others who also use them. Therefore, using automated processes to gain a technical advantage over others in the SRMIST community is forbidden.

The University may limit an individual's use of a resource through quotas, time limits, and other mechanisms to ensure that these resources can be used by anyone who needs them.

As a member of the SRMIST community, you are expected to uphold local ordinances and central, state, cyber and applicable international laws. SRMIST guidelines for using technologies derived from this concern, including license, copyright and intellectual property protection laws.

Enforcement

For security and network maintenance purposes, authorised members within IT services can monitor equipment, systems and network traffic at any time. ITKM reserves the right to audit networks and systems, as required to ensure that SRMIST is not subject to claims of institutional misconduct. The concerned authority of SRMIST will take disciplinary action, including the restriction and possible loss of network privileges. A serious violation could result in more serious consequences, up to and including suspension or termination from the University.

CENTRE FOR INTELLECTUAL ASSET PROTECTION (CIAP)

The Centre for Intellectual Asset Protection (CIAP) engages in guiding, protecting, managing, and commercializing the Intellectual Properties of our students and faculty members.

We also continuously engage our management team to serve you in the best possible way through various awareness programs, development programs every month to train you in protecting your own intellectual inventions.

Current Patent Statistics:

- No. of patents filed - 921
- No. of patents published - 828
- No. of patents granted - 364

Technology Transfer

CIAP, the Technology Transfer and Holding Office of SRMIST, serves as the exclusive liaison between SRMIST and a diverse range of industries and investors seeking cutting-edge technologies. We facilitate the transfer and licensing of intellectual properties from SRMIST to foster innovation and collaboration.

As a lifelong member of the Society for Technology Management (STEM), we boast a vast network spanning industries, associations, and government Technology Transfer Offices (TTOs).

We are dedicated to guiding inventors through the entire process, from identifying potential customers to achieving successful commercialization of their intellectual properties.

During May 2024, SRMIST Exchanged licensing agreement with Ezovion Solutions Private Limited. The agreement encompasses two patents in Data Security originating from the Department of Computing Technologies, School of Computing. Mr. Kasi Viswanatha Shanmugam, founder & CEO of Ezovion handed over the Licensing Term Sheet to the SRMIST Vice Chancellor.

SRM INNOVATION AND DESIGN CENTRE (SIDC)

SRM Innovation and Design Centre offers various design-related courses for innovators.

These courses or programs aim to develop a design and entrepreneurial mindset along with functional skills in design thinking, approach to challenges, innovative product design, and prototyping entrepreneurial fundamentals among students.

All courses are industry supported with mentors from the relevant domains and mentors will work closely with the student teams, enabling the experiential learning journey.

FABLAB – Makerspace

It is an initiative launched by SRMIST, to promote innovation and entrepreneurship. FABLAB is focused on the use of digital fabrication technologies that will drive the future of product development. The lab is designed to support the creativity and innovation of individuals to turn ideas into products. The lab provides access to sophisticated prototyping equipment, with the user primarily responsible for moving ideas to products.

NewGen IEDC

Grant of Rs. 2.87 Crores sanctioned by NSTEDB (National Science & Technology Entrepreneurship Development Board) for the establishment of NewGen IEDC (Innovation & Entrepreneurship Development Cell) at SRMIST.

SISFS

Grant of 3 crores sanctioned by DPIIT (***Department for Promotion of Industry and Internal Trade***) with the aim to provide financial assistance to startups for proof of concept, prototype development, product trials, market entry and commercialization.

BIRAC Bio-nest

BIRAC funded Bionest center to nurture and foster Health Tech and MedTech related startups is being established at SRM Medical College. Rs 10 crore grant will focus on low cost medical devices, point-of-care diagnostics and data driven dashboards for public policy engagement. The center encourages creation and promotion of Intellectual Property and for translating research driven projects to products for the benefit of the community.

Events at DEI

1. *Triumph Talks* - A series of talks where eminent personalities have a one-on-one conversation with the students of our community in order to help them develop the thinking and mindset required to excel in their respective fields and Showtime, a platform which can be used by students to showcase any new invention, prototype or technology they have come up with.

2. *Boot Camp* - The Boot camp is centered on the Berkeley Method of Entrepreneurship, which helps students understand general concepts through practice, observation, and critical thinking. Every entrepreneur's path is different, and students come to us at many different stages in that path. Our goal is to help students discover the next milestone on their journey to becoming successful entrepreneurs. We conduct this boot camp twice a year.

3. *EXPO* - It is an event where the best teams of SRM show-off their finest craftsmanship and discuss at length about their products. For the last edition, we had the extremely talented UAV, SCRO and Team Spars showcasing their latest and greatest products and prototype

4. *Hackathons* - We organize sector-wise hackathons to provide students with a platform to solve some of the pressing problems in the society.

CAMPUS FACILITIES

DIRECTORATE OF CAREER CENTRE

The Career Centre in SRM Institute of Science and Technology plays a vital role in making SRM a favored destination for many national and international organizations to recruit fresh talent nurtured at the institute.

The Career Centre encompasses the Placement Office, Academic Interface Program and Career Development Centre, and caters to all the 5 campuses (KTR, RMP, VDP, TRICHY and NCR) across the country. Target recruiting ground for all major recruiters has strong linkages with industry and is highly regarded by prominent employers.

The Career Centre enables the students to take up internships and project work in major industries. Continuous institute-industry interaction, pre-joining learning initiatives, participating in industrial exhibitions, fairs, seminars to promote useful interaction with the industries, and alumni activities are some of the initiatives of the Placement Office.

Other initiatives include hackathons organized through Memorandums of Understanding (MOUs) for curriculum and faculty development with industry giants such as TCS, Apple-Infosys, ServiceNow, Capgemini, and EPAM, among others.

The excellent infrastructure of the Career Centre facilitates activities like pre-placement talks, written tests, group discussions, and interviews as per the requirements of the recruiting organizations.

The Career Development Centre has three training verticals - Quantitative Aptitude Training, Soft Skills and Verbal Training. It has a team of highly experienced faculty to prepare students across six semesters and to make them industry ready.

Marquee, Super Dream and Dream Offers are made by companies like Amazon, DE Shaw, PayPal, Barclays, Amadeus, Nielsen, Oracle, Adobe, Capgemini, Deloitte, Bank of America, ZS Associates, Fractal Analytics, EY and many others. Even among the core sectors, companies such as Hero Motocorp, Reliance Industries, HUL, IFB, Siemens, Titan, Ceat, Hitachi ABB, Fiat, Linde, Schneider, TATA

Chemicals, L&T group, Cummins, KPIT, Adani Group, Nilmal, etc., who offered packages ranging from Rs. 5 Lakhs p.a. to 42 Lakhs p.a. In addition, SRM is a preferred destination for IT majors like TCS, Infosys, Cognizant, Wipro, Capgemini, IBM, and LTI Mindtree among others.

SRM set a record of 11,000+ offers from 1100+ recruitment drives conducted at SRMIST to recruit talented students - a testimony to SRMIST's commitment to excellence.

DIRECTORATE OF LEARNING AND DEVELOPMENT

The Directorate of Learning and Development (DLD) SRMIST is a central facility aimed to achieve the institute's vision and goals of creating a unique learning experience, learnability and increase professional graduation rates by providing world standard and outstanding instruction. The prime responsibilities of DLD are;

- a) Training and Development:** To offer professional qualifications in Education and Leadership to academic leaders, teachers, teaching support staff, administrative support staff, and students for induction and career advancements.
- b) Technology Enabled Learning:** To create and implement e-learning tools for learning management, simulation, virtual, and live practice.
- c) Educational Research and Outreach:** To conduct academic research in the field of Learning and Development and collaborate with national and international research institutions.

The DLD works closely with all the faculty and campuses of SRMIST to facilitate implementation of internationally recognized CDIO, TPACK curricular framework and IEEE-Purdue EPICS service-learning model for all UG, PG and Doctoral Programmes including assessment and evaluation to ensure professional quality.

The Cambridge Professional Development Centre at DLD helps faculty members acquire Certificate and Diploma Qualifications from Cambridge University, UK in Educational Leadership, Teaching and Learning, Teaching with Digital Technologies and Teaching Bilingual Learners.

DLD Digital Learning Tools

eLab: A web-based MOOC Programming learning tool that manages auto-evaluation of computer programs. eLab promotes logical thinking abilities and develops programming skills.

eCurricula: An instructor-led technology enabled learning tool for theory-based courses. eCurricula measures learning and provides continuous feedback to the learners.

eSkill: A web-based ICT learning tool that aids users in preparation and skilling for competitive exams, aptitude, entrance examinations and other public-private sector exams.

eCircuit: A web based electrical and electronic circuit simulator that helps one build low to high power circuits including communication circuits.

DLD follows the ISO 30422:2022 and ISO/TS 30437:2023 quality policy standards for its functioning.

STUDENTS COUNSELING CENTRE (SCC)

The SCC is a platform where students, teachers and parents stay connected. It is a centre for effective redressal of challenges and problems faced by students. It is a unique target oriented system that involves parents, teachers, wardens etc. The objective is to help students overcome concerns like anxiety due to exams, loneliness, and change in culture, low confidence level, hostel life, decision making dilemmas, academic problems, and lack of self-assurance or difficulty in adapting to the new environment.

Counseling gives the students a chance to talk their minds. It enables them to understand the cause of anxiety more rationally and helps them to cope and deal with difficult situations. Senior faculty members from all schools form the core team. Also, we have experienced and dedicated student counselors available in the campus for this purpose. All the matters discussed during the counseling are kept confidential.

Student Counseling Services

Dear Students,

You have just come out of the safe and nurturing environment called home and the parents who made that possible.

You are here on your own because your parents think that you are aged enough, mature enough and responsible enough to get into the next stage in life and start taking care of your self. Apart from that, you are also ready to come out of home to study and to meet new people and experience new environment along with the challenges that come with it. That does not mean, you are entirely on your own without help and guidance whenever you need them.

This place is going to be Home – away – from Home and have all the facilities to make your stay a pleasant experience. At the same time, there are times when you may be confused, unsettled, and restless for many reasons. It may be loneliness, problems arising out of comparison with others in many things such as, physical differences, cultural differences, differences in social standings of parents, Value systems, language proficiency which cannot be spelt out openly. This may result in complexes, frustration, low self-esteem, lack of concentration, sleeplessness, and so on. Apart from these, problems in friendships and relationships may arise. These things may result in problems in academics and campus life.

The help is very much near to you in the form of counseling within the campus and just a phone call away. Whatever you discuss with counselor will not be revealed to anybody else. This facility is completely free and dedicated to the mental wellbeing of the students. We are requesting you to make use of it whenever you need it, without any hesitation whatsoever.

Moreover, the Counseling Cell is functioning in Departments, you can also get their guidance in this regard.

Counseling is a process which offers the opportunity to explore those issues that are causing you concern or distress. It provides you with the time and space to talk about these issues in a confidential setting with a professionally qualified person. The counselor will not tell you what to do, but instead will assist you to think about your difficulties in a non-judgmental manner in order to help you find the best way to deal with them.

Our teams of counselors are enlisted with the ***Manodarpan-a*** MHRD initiative to provide psychosocial support to students, teachers and families for Mental Health and Emotional Wellbeing covering all students from Schools / University / Colleges / Institutions of Higher Education. The ‘Manodarpan’ initiative has been included in the ATMANIRBHAR BHARAT ABHIYAN, as a part of strengthening human capital and increasing productivity and efficient reform and initiatives for the Education sector.

NATIONAL SERVICE SCHEME (NSS)

Fostering Social Responsibility and Community Development

National Service Scheme (NSS) is a widely recognized and influential youth-centric programme in colleges across the country. NSS was established in 1969, the year Mahatma Gandhi celebrated his birth, with the primary goal of fostering the character and personality of student youth via volunteer community service. The ideals of Mahatma Gandhi provide as inspiration for the NSS's ideological stance. "NOT ME, BUT YOU" is the NSS motto.

NSS was commissioned in SRM Institute of Science and Technology in 2003. The

activities of the SRMIST NSS mainly focus on Community Development Services, Social Service, Environmental Awareness Programmes, Health Awareness Programmes and Technology Transfer Programmes. The NSS at SRMIST has guidelines to conduct various Regular and Special Camping activities.

Objectives and Structure

The SRMIST NSS programme in colleges operates with a set of well-defined objectives. These include:

1. ***Community Service:*** Encouraging students to actively engage in community service activities, addressing social issues such as education, healthcare, environmental conservation, rural development, and more.
2. ***Personality Development:*** Providing a platform for students to develop leadership skills, enhance interpersonal communication, and build a strong ethical foundation through various training programmes and workshops.
3. ***Empathy and Social Awareness:*** Promoting a sense of empathy, compassion, and understanding towards the needs and challenges faced by marginalized sections of society, encouraging students to become responsible citizens.

The NSS programme typically functions under the guidance of college authorities, with dedicated NSS units formed on campuses. NSS Programme Officers, who are faculty members in charge of these units, oversee and coordinate a variety of operations. The programme has a set structure that includes orientation, fieldwork, training sessions, and frequent meetings.

Activities and Initiatives: NSS programmes offer a diverse range of activities that contribute to community development and student growth. These initiatives are designed to address the specific needs of local communities and promote sustainable change.

The Regular and Special Camp activities carried out are listed below:

- **Blood Donation Camps:** NSS often organizes blood donation drives on the campus in collaboration with reputed blood banks and hospitals. These camps provide an opportunity for students, faculty, and staff to voluntarily donate blood and contribute to saving lives.
- **Health and Hygiene Awareness Programmes:** NSS conducts health and hygiene awareness programmes to educate the community about the importance of cleanliness, sanitation, and personal hygiene. This may include organizing workshops, seminars, and awareness campaigns on topics like hand washing, health benefits of Yoga Practices, menstrual hygiene, and waste management.
- **Tree Plantation and Environmental Conservation:** NSS promotes environmental sustainability by organizing tree plantation drives and engaging in activities related to conservation and preservation of natural resources. They encourage students to actively participate in creating a greener and healthier environment.
- **Social Service Initiatives:** NSS organizes various social service initiatives such as visits to orphanages, old age homes, and schools for underprivileged children. Volunteers engage in activities like teaching, providing support, and organizing recreational activities for the residents or students.
- **Swachh Bharat Abhiyan:** NSS actively participates in the Swachh Bharat Abhiyan (Clean India Campaign) initiated by the Government of India. They organize cleanliness drives, awareness programmes, and campaigns to promote cleanliness and proper waste management practices.
- **Rural Development Programmes:** NSS conducts programmes focused on rural development, aiming to uplift the underprivileged rural communities. These programmes may include setting up health camps, promoting education, and empowering women through skill development workshops.
- **Disaster Management and Relief:** NSS provides training to students in disaster management techniques and actively participates in disaster

relief activities during natural calamities. Volunteers help in distributing relief materials, providing medical aid, and supporting rehabilitation efforts.

- **Awareness Campaigns:** NSS organizes awareness campaigns on various social issues such as literacy, gender equality, drug abuse, Tobacco and alcohol effect on health and environmental conservation. These campaigns aim to sensitize individuals and communities towards the importance of these issues and promote positive change.
- **Other Social relevance activities:** Donation of computers, appliances and kits to school children, Medical support to school children, orphanages, old age home and village public, distribution of herbal drinks (Kabasura kudineer, free face mask, awareness on hand wash and sanitization, etc.,) to general public in and around the campus and adopted villages, faculty, staff and students to the needed occasion like Dengue, Covid, etc.,

Impact and Benefits: Participation in NSS programmes offers numerous benefits for both students and society as a whole:

1. **Civic Engagement:** NSS instills a sense of social responsibility, encouraging students to actively participate in community welfare activities and engage with social issues.
2. **Holistic Development:** Through diverse experiences and interactions, students develop leadership skills, teamwork, empathy, and a broader perspective on societal challenges.
3. **Bridging the Gap:** NSS acts as a bridge between educational institutions and local communities, fostering mutual understanding and collaboration for sustainable development.
4. **Career Enhancement:** NSS experiences and volunteering activities enhance students' resumes, showcasing their commitment to social causes and community service, which can be advantageous for future employment or higher education opportunities.

Accolades of SRMIST NSS CELL

Every year, the NSS student volunteers participated in National level Pre-RD Camp at Coimbatour - 2023, National Integration Camp, Mangalore – 2024, National Youth Festival, Maharashtra – 2024. Observed Independence Day, NSS Day, Republic Day and many other national importance day on campus by inviting students from government schools and organizing fun activities that promote social awareness, order, cleanliness, discipline, healthy eating practices, and environmental awareness.

Red Ribbon Club (RRC) one of the clubs is functioning along with NSS, bagged one of the “Best RRC Units” award in Tamil Nadu during the year 2020 offered by the Ministry of Health & Family Welfare, Government of India.

The National Service Scheme (NSS) programme attempts to develop in students the principles of civic participation, social responsibility, and active citizenship.

The programme cultivates a generation of compassionate, responsible, and socially conscious individuals who are eager to contribute to the well-being of their neighborhoods and the nation as a whole. It serves as a bridge between social development and education.

The initiative fosters a generation of caring, responsible, and socially responsible people who are prepared to contribute to the welfare of their communities and the country as a whole. It acts as a link between education and social development.

NATIONAL CADET CORPS (NCC)

The National Cadet Corps aims to develop character, comradeship, and leadership skills among the youth in India. At SRM, the NCC motivates students with top-notch training and the ideals of selfless service. This training fosters team spirit, a sense of nationalism, and helps in the overall personality development of individuals. The SRM NCC Army Wing (Senior Division-SD) under the 1 (Tamil Nadu) Signal Company NCC [1 (TN) SIG COY NCC] was established in August 1996. First and second-year students are enrolled for a duration of three years.

SRM ARMY Wing has been enrolling girls in the NCC since 2005, with the total allotted strength including girls is 83. The Obstacle Area was established in the year 2009 to train the cadets. NCC parades are regularly conducted in Dr. T. P. Ganesan Auditorium Ground every Saturday from 7.00 to 11.00 a.m. according to the Parade Schedule. Additionally, a pre-parade meeting is also conducted in front of the NCC Office every Friday from 4.30 to 5.30 p.m.

The Naval Wing of SRM NCC was inaugurated on the 4 December 2021. It operates under the command of the 4 (TN) Naval Tech Unit NCC, ‘Madras Group B’. The SRM Naval Wing has a capacity of 100 vacancies and admits SRMIST students who are passionate about learning ‘Unity and Discipline’. The boys and girls are formally referred to as Senior Division (SD) and Senior Wing (SW) respectively.

The NCC cadets actively participate in the Independence Day and Republic Day celebrations in the campus. Annual Training Camp, Republic Day Camp (RDC—New Delhi), Inter Group Competitions (IGC), National Integration Camp (NIC) and special camps such as Trekking Camp, Boat Pulling Camp, Sea Attachment Camp, NTAC, NIC, Firing Camp are held periodically. The NCC cadets also get the opportunity to visit various countries like Singapore, Sri Lanka, Bangladesh, Maldives and Taiwan through Youth Exchange Program (YEP) to represent our country. SRM NCC cadets also organize social service events like Anti-Drug Rally, Blood Donation Camp, Anti-Plastic Rally. They visit orphanages and old age homes and tap public consciousness regarding Consumer Awareness, Cancer & AIDS awareness, etc. The Cadets are encouraged to complete “B” and “C” certificate examinations and to join Defence Services like Army, Navy and Airforce.

Chapter Meetup:

SRM Alumni chapters are regionally organized bodies that connect former students from a particular region.

Alumni chapters provide a dynamic platform for professional networking, mentorship, and social engagement, fostering connections and mutual support among graduates. These chapters create avenues for career advancement, continuous learning, and active community involvement. By becoming a member, alumni can tap into an extensive network of peers and mentors, enriching both their personal and professional lives.

We have:

Registered Chapters	06
International Chapters	59
Indian Chapters	71

The International Alumni Chapter Meetup: The International Alumni Chapter Meet-ups were held in Singapore on September 17, 2022, and in Dubai on November 28, 2023, and January 2024. These gatherings brought together graduates from around the world, representing a wide range of disciplines and professions. Our esteemed Chancellor attended the events in both Singapore and Dubai, while our Vice Chancellor graced another meet-up in Dubai with his presence.

Our alumni have left an indelible mark on the global stage. From ground breaking research to innovative startups our graduates are shaping the world in diverse domains. The success of the international meet-ups has inspired us to organize more gatherings in different global hubs.

Alumni Day: Every year Alumni Awards ceremony is conducted to honor outstanding alumni and their contributions

Reunions are conducted as class Reunion, College wise, department wise, 15th, 20th 25th and 30th year Reunions. It ignites long lasting memories, reminding the alumni of the profound impact SRMIST has on their lives.

Fund Raising Scheme: Our goals are to (i) Reward Excellence, (ii) Enable Access, and (iii) Foster Innovation. To make this vision a reality, we need alumni contributions to the Rank Holder Endowment Fund. Every contribution, no matter how big or small, makes a difference. Their support will create a legacy of academic excellence, empowering future generations to lead, innovate and make a positive impact on the world

Initiatives & Social Activities

- Maintaining alumni website and social media pages
- Maintaining alumni database
- Publishing Newsletter Reflections - Quarterly
- Fostering alumni visits to campus
- Helping alumni with institute related activities
- Providing job portal for alumni
- Encouraging giving back by alumni
- Donations lectures, sponsorship, mentoring, internship, placement
- Conducting alumni reunions

- Recognizing exceptional alumni through awards
- Forming international and National Chapters
- Feedback from alumni on curriculum and areas of governance

The Online Alumni Portal:

- Brings all our alumni under one roof
- It not only helps to manage our alumni database but also keeps it updated
- It helps us to organize alumni events such as Reunions Networking sessions or workshops
- Acts as a job board to facilitate Mentorship
- Enhance institute branding
- Search facilities for alumni to contact their friends, albums, fee/donation

STUDENT TEAM

MILAN

SRMIST (formerly known as SRM University) is renowned for its unwavering quality, and the high precedents set in the field of academics. The courses offered range from Engineering, Medicine, Dentistry and Science and Humanities conferring Graduate, Post Graduate and Doctoral degrees. Having been ranked as the top Multi-Stream Private University in the nation (Times of India), there is no looking back; SRM is constantly innovating and providing new opportunities and holistic experiences to the young minds of this progressing nation.

A very important fact that is associated with college experiences are events that can help students branch out and explore their talents in other fields. It is vital to celebrate art! Milan is one such event; it is a festival of sorts that encompasses events from various spheres like Dance, Music, Dramatics, Fashion, Literature, Creative Arts, and Gaming. This national level fest acts as a blanket to over 80+ events over the course of 4 days.

Apart from competitions, we also organize shows in the presence of talented artists and celebrities. John Abraham, Kamal Hassan, Asha Bhosle, Vikram, Mammootty, Siddharth, Jeeva, Shriya Saran, Shruti Hassan, Sarathkumar, Karthi, Devi Shri Prasad, Vetrimaran, Thaikkudam Bridge, Daler Mehndi, Aditya Roy, Kapoor and Vijay Devarkonda have graced this stage of ours in the past. The previous edition hosted performances by music producers DJ - Nucleya, Vishal-Shekar, Bass Jackers and singers Palak & Palash Mucchal, Vidya Vox along with the striking vocals by prominent playback singer Anushka Manchanda and Amit Trivedi. The Comedy Nights were taken over by the East India Company comedians Kunal Rao and Sahil Shah, Sorabh Pant and Redbull tour bus.

Over 14 editions, Milan has established for itself a strong brand that sees participants from over 190 colleges from the southern states alone. The upcoming edition promises to outdo the previous one, in terms of participation and experiences; the bar has been set high.

An event as majestic as this would not have been possible, had it not been for the support of our patrons, and various organizations having faith in our brand. We are reaching out to you to explore the possibility of collaborating with our cultural festival. We believe that your company's presence at Milan would be a valuable addition, and would offer a great opportunity for your brand to connect with a large and diverse audience. This event is ripe with an audience pool of 2,80,000 and growing. With the demographics largely consisting of the youth, the organic reach/publicity would be ideal for any company. If any of your clients have products which target this group, we would appreciate it if you could put us in contact with them. We would love to discuss the details of the same in person.

The following comprise the extravaganza that Milan is known for:

1. 80+ Events
2. Pro Shows
3. DJ Night
4. Fashion Show Night
5. Battle of the Bands
6. Comedy Night
7. Events and activities spread over 13 Domains (Music, Dance, Fashion, Sports, Gaming, Fun zone, Special Events, Literary, Creative Arts, Movies and Dramatics, Self-Defence and Online Events).

HOUSES

The students are segregated into houses in order to promote intra college activities as well keep the competitive spirit alive throughout the year among the students.

The houses are:

- Agni
- Aakash
- Trishul
- Prithvi
- Astra - **Faculty of Science and Humanities and School of Law**
- Brahmos - **Post Graduation Courses**
- Sahurya - **Medical and Health Sciences**
- Naag - **B.Arch and Hotel Management**

**College of Engineering
and Technology**

ANNUAL EVENTS

Shuru - A Talent hunt competition for the fresher's

ACE - Freshers Sports Event

Jhalak - Inter - House Cultural Competition in Odd semester

KHEL - Inter – House Sports Competition

Milan - A national level Cultural fest

Josh - A cultural event for teaching and non-teaching faculties

CSR Activity

Butterflies - A Cultural and Sports event for government school students

Highlighted Events

- ❖ Milan
- ❖ Rendezvous
- ❖ Say no Drugs
- ❖ Sangamam
- ❖ Cyber Safety for Women
- ❖ Plastic Awareness program

Selection Process for Cultural secretary team

- ✓ Apply through online (Google Form)
- ✓ Group Discussion
- ✓ Personal Interview

Eligibility Criteria

- ✓ Only Final year and Pre-Final year students can apply
- ✓ Students having no standing arrears

CLUBS

There are various Clubs led by students conducting several activities every month.

The students can choose to be in any number of clubs.

The ***various clubs*** are

1. LITERARY (English, Tamil & Hindi)
2. AEROMODELLING
3. ENVIRONMENTAL
4. NGO
5. WOMEN EMPOWERMENT
6. SELF – DEFENCE
7. SOCIAL
8. FESTIVAL
9. MUSIC
10. CREATIVE ARTS
11. ASTROPHILIA
12. DANCE
13. FASHION
14. GAMING
15. MOVIES & DRAMATICS
16. PHOTOGRAPHY
17. SPORTS
18. QUIZ
19. HEALTH & FITNESS
20. PERFORMING ARTS
21. ZEPHYR

These clubs help in enhancing students' skill sets and provide innumerable opportunities to represent the institution in external competitions (National and International levels).

A team of Student Conveners along with Club Heads and House Captains work together and make things happen throughout the academic year

UGC EVENTS

Throughout the year the Directorate organizes various events as suggested by the UGC in addition to Independence Day, Republic Day & Gandhi Jayanthi Celebrations.

Apart from all the above, various workshops are organised that enhance the students' ability to assimilate and expand proficiency in their field of interest and choice. Students are also given the liberty to explore the available resources and emerge as a successful leader by the end of their course.

Aaruush Highlights

Aaruush excels in the platform of entertainment. On all the 4 exhilarating nights of Aaruush, the atmosphere is filled with anticipation and excitement. Aaruush, over the years, has attracted luminaries such as Shri Ramesh Pokhriyal (Hon'ble Minister for Human Resource Development), Dr. V. Natarajan (Ministry of Defense, Defense R&D Organisation), Mr. Suresh Raina (Indian Cricketer), Dr. V. K. Saraswath, Dr. Eswar Natarajan, Mr. Sam Pitroda, Dr. Tessy Thomas, General Dr. V. K. Singh (former Minister of External Affairs), Mr. P. K. Malhotra (Former Secretary, Ministry of Law and Justice), Dr. A. S. Kiran Kumar, Mr. Anand Kumar, Ms. Sharddha Sharma, Mr. Shravan and Mr. Sanjay Kumaran, Mr. Harsh Songra, Ms. Mira Erda, Mr. Jairam Pillai, Ms. Bhargavi Sunkara (The Head of Asset Servicing Technology), Dr. Bhardwaj (Director PRL), Dr. Mohan Rajesh Elara (Assistant Professor at SUTD), Ms. Jill Tarter (Former director at Centre of SETI Research), and Mr. Medani Bhandari (Editor-In-Chief at The International Journal), Dr. S. K. Singh (Director - NCDC) among many others addressed the gathering with their enlightening guest lectures.

Aaruush has seen artists such as Kanan Gill, Kenny Sebastian, Varun Thakur, Zakir Khan, Abhishek Upamanyu, Nikhil D'Souza, Arjun Kanungo, Shirley Setia, Nitin Gupta, Dilip Chhabria, Rajat Kapoor, Nishant Suri, Shivankit Singh Parihar, Badri Chavan, Sunny Hinduja, Arjun Kanungo and bands such as Agnee, Ekta, Attva and The Local Train enthrall the audience. The specially conducted Pro-shows have also had guests such as Sunil Gogoi, Garip Ay, Vilas Nayak and J. Walt to wow the people with their talent.

Utilizing the perennial potential of social media, Aaruush also hosted a wholesome series of LIVE interactions on Instagram with celebrities and dignitaries such as Mr. Saurabh Sachdeva (Actor & Acting Coach), Ms. Alyssa Carson (Astronaut & Mars-One Ambassador), Ms. Alisha Abdullah (race Motorist), Ms. Shreya Gupta (Actor), and Mr. Sachin Rai (Professional Photographer).

Challenges & Championships

Competition is a vital part of any fest, and it is no different with Aaruush. ‘Championships’ brings to the students a platform to test their skills, compete against one another, and emerge victoriously. It involves several events and activities in highly competitive fields such as Coding, Sports, and Robotics. Some of the highlight tournaments include Capture the Flag Challenge, Online Design Challenge, Photoscope, HACK-SUMMIT, RC-Car Championships, Machine Learning Challenge, Quadcopters, Revival of Rivers, Life Support Challenge, Code Matrix, Online Design Challenge and many more. On the occasion of the tenth anniversary of the largest global hackathon hosted by NASA, team Aaruush partnered with the Local Lead from Chennai and organised an open to all international hackathon to address real-world issues with out-of-the-box ideas.

Workshops

Workshops are the medium to engage students with the real world and connect them with the current and trending topics of the industry. Workshops aim to provide opportunities for the participants to interact with professionals. Experts, covering all major disciplines dissipate their experience and knowledge through such

workshops. Aaruush has had a plethora of workshops engaging several sectors of interest, ranging from Modernized Automotive Dynamics, Cognitive Computing Workshop, Digital Marketing Workshop, Social Media Marketing, Microsoft Power BI to Diving deep into Blockchain, crypto and all things Web.

Aaruush Educates

Aaruush, along with an array of technical events, has a social essence to the fest. Supplementing the fest with a tinge of social responsibility, Aaruush organises an interactive event with the underprivileged children and introduces them to basic concepts of science, maths and other basic facts. In the last edition, Team Aaruush took a step further and also organized this event for the Old Age Homes to empower them and contribute in their little way. During the pandemic, Team Aaruush still kept the spirits up high and made sure that education was imparted to one and all via the online platform.

Young Minds

In this ever-developing world, only the brightest minds can bring about a revolution. To nurture the next leaders of this nation and mould them young, Team Aaruush organizes Young Minds – the national level interschool competition. It is an umbrella of engaging and educative events ranging from Quiz Competition to coding, Spelling-bee, debate, Science exhibition and informative workshops on challenging events.

SRM RUN

It is a world-record-holding eco-marathon that has been organized by Aaruush since 2015. It is a platform where people from all walks of life come together for a cause and spread awareness. The 5.4 km marathon has seen exponential participation and for its 5.0 edition with 1500 participants and the highlighted cause was 'Saving Water before it runs out. As the beacon of change, even during the times when people were restricted to their houses and had menial contact, Team Aaruush partnered with the impact app and offered the patrons of Aaruush a chance

to raise money through individual effort. Aaruush strives for the betterment of society and the environment and continues to do so with the partnership with the impact app. Encouraging people to passively track their steps no matter what work they're indulging in, be it indoor or outdoor. Impact donated Rs.10 for every 1 Km covered by the user, which enabled us to contribute to the world without leaving our homes and follow the motto of running towards a cause.

Plantation Drive

The Plantation drive is a pre-Aaruush initiative which is undertaken to symbolize the responsibility we have for our environment. It also highlights the climate changes happening around the world and how, individually, one can contribute to a better tomorrow.

T-Summit

The Technical Summit (T-Summit) intends to contribute to society by developing innovative ideas. Innovation is a long process that proposes an irrefutable outcome of development. T-Summit is the gathering of the intellectual cream of the nation for the sessions of unparalleled brainstorming and exchange of ideas. It provides a common platform for fruitful interaction among the colleges of India – to come together and deliberate on issues pertaining to the progress and development of the nation as a whole.

The first edition was presided over by Dr. Avinash Chander, advisor to the Defense Ministry, and Secretary, Department of Defense Research & Development. T-Summit '21 was chaired by Dr. V.K. Saraswat, Guest of Honour- Prof. Syed Ehtesham Hasnain and Special Guest and Mentor Dr. Atul Gurtu, T-Summit 5.0 was a groundbreaking venture in the fest's history and was held on 11th and 12th September.

T Summit '22 hosted Dr Harsh Kumar Gupta, Guest of honour Mr. E. D. Jemmis, Valedictory Chief Guest Mr. Govindraju T and our guiding force who has been a

mentor since the inception of the conclave, Mr. Atul Gurtu. The two-day conclave commenced on 23rd April '22 and saw the participation of a great many prestigious colleges.

Wednesday Speaks

Wednesday Speaks is a unique lecture series where the faculty members and distinguished professors from SRMIST and other colleges speak to the students on a topic provided in advance, opening up pathways for students to explore different fields and garner knowledge from learned personals.

In Aaruush '20 we took a step forward toward the "Transitioning to Solar Energy - Bright or Dim?" with Dr. S. Chandravathanam. Another Wednesday Speaks was conducted on 18th November 2020 on the topic "Covid Vaccine- How close are we?" by two significant professors, Dr. Satyajit Mahopatra and Mr Melvin George.

Aaruush 21 saw its first online Wednesday Speaks on Design Thinking: Applications in Architecture Studio by Mr Anoop Menon.

Coming back to the offline edition in its full glory, Team Aaruush in the sixteenth edition (Aaruush'22) conducted 3 Wednesday Speaks. With one of them being online and the other offline, they covered the topics of 'Role of Nanotechnology in IoT applications', 'The brand called You' and 'Emotional Intelligence' respectively

The Unconference of Aaruush '20 had the agenda "Career satisfaction v/s Sustainable Career" and saw an enlightening discussion amongst the panellist, which bore fruitful learning.

The Unconference of Aaruush '21 brought light upon the "Impact of Automation on Future Jobs" with distinguished guests from the field.

Unconference conducted in Aaruush '22 saw a deliberation by esteemed personalities on the topic Radical and Disruptive Innovation: The Trend vs The Priority.

Liter of Light

Liter of Light is a campaign that brings about change by giving something back to society. In search of the right answer, the Aaruush team installed solar-powered hassle-free daylights in the houses and huts in areas close to the campus.

Team Envision

Team Envision is a Multidisciplinary technical team of Aaruush that aims to provide solutions to most campus and societal issues and problems. The Team comprises well-trained individuals in various fields of engineering technology. The team attends competitions and carries-out various activities and projects. It also conducts workshops for school and college students in and around Chennai and hopes to expand its wings in the future.

Recently, Team Envision, worked on two ground-breaking applications to help society when it needed it the most.

The “Near You” app is a crowdsourced initiative that provides a platform for tracking open marketplace/shops personalized to the user’s location. The other one, called the “Here for you” app is developed with direct consultation from experienced professionals. Through standardized test algorithms, it determines the user’s mental health and suggests whether they should seek any help.

Industrial Conclave & Unconference

It is a platform which bridges the gap between industrialists, entrepreneurs and students. It is a forum which revolves around a central agenda. A panel of experts shares their views on the agenda. The aim is to obtain a broad perspective on the challenges and risks faced by aspiring industrialists. The agenda for IC Aaruush ‘19 was ‘Interstellar Voyage: Inception of Light Years.’

In the successive edition, Aaruush’21, the panel discussed, a revering agenda, “A Digipreneurs Path: Business Visionary or Pioneer of Social Change”, promoting the ideas of young budding entrepreneurs.

Unconference aims to connect the institution and the outside world, providing exposure to marketing and business techniques to the students. It is a participation

driven forum where eminent guests take part knows in an interactive session with the audience. A constructive discourse is held based on the topic of discussion. The topic for UC in Aaruush was 'Social Media: Impact on Present and Future.'

The Unconference of Aaruush '20 had the agenda "Career satisfaction v/s Sustainable Career" and saw an enlightening discussion amongst the panellist, which bore fruitful learning.

The Unconference of Aaruush '21 brought light upon the "Impact of Automation on Future Jobs" with distinguished guests from the field.

Aaruush Connects

Learning and inspiration have no bounds and the distances are just reduced to a number. With the same objective in mind, Team Aaruush organized a unique series of interactions with renowned international dignitaries called Aaruush Connects. Some of the prominent guests included Charlie Ward (former American NBA athlete), Malika Malik (Data & AI Cloud Solution Architect at Microsoft), Miri Rodriguez (Global Head of Internships at Microsoft), Shreyansh Daftry (Robotics Technologist at JPL, NASA) and John Eades (CEO – Learnloft).

Mindfulness – An Aaruush Initiative

Mental Health is a complex subject to acknowledge and should be given as much attention as would be given to any other ailment. In the same spirit, Team Aaruush organized a series of immersive sessions called Mindfulness – where Mental Health experts & psychiatrists interact with the audience and give deeper insights on the matter. Some notable guest speakers for this initiative include Dr K.V. Kishore Kumar (Director-The Banyan and BALM), Dr Raghu Klrn Appasani, MD (Founder & CEO- MINDS Foundation), Mr Ashish Kasbe (Senior Music Therapist at Kokilaben Dhirubhai Ambani Hospital) and Ms Sangeetha Param (Renowned TedX speaker). Team Aaruush in collaboration with the Directorate of Alumni Affairs also conducted a Mindfulness session on Tapping one's inner strengths and had the pleasure of hosting Dr Archana B (MBBS, MD, Assistant Professor - Dept of Pathology, Sri Ramachandra Medical College).

PROFESSIONAL TEAMS, STUDENT CLUBS, CHAPTERS & ASSOCIATION

ELECTRONICS CLUB

Faculty Mentor: Dr. A. V. M. Manikandan, Dept. of ECE

manikanm@srmist.edu.in

Electronics Club is the student-run organization that strives to impart enthusiasm and passion for electronics and allied fields among students of ECE. It aims to cater to the various primary needs that are to be addressed to keep in pace with the ever-evolving field of electronics. It also helps to uncover those key topics that are not part of the curriculum. This club deals with the simplest topics to the most complex ones and helps the students grow in their career. “COMET” an E-magazine is brought out by this club. TEDxSRM Kattankulathur Conference and Arduino Day are hosted by the Electronics club. For more details visit

THE CAMBER RACING TEAM

Faculty Mentor: Dr. Leenus Jesu Martin, & Mr. M. Jerome Stanly, Dept. of Automobile Engineering

Camber Racing is the official Formula Student Combustion team of SRMIST. It comprises 40 undergraduate students from a broad range of engineering disciplines who apply their collective intelligence to engineer an open wheel race vehicle. The team participates in various national and international design competitions organized by the Society of Automotive Engineers (SAE), namely Formula Bharat and Formula Student Germany. From the conception in 2009, the team has been passionate about learning and creating the ultimate racing machine. Their achievements and prototypes created over the past 7 years can be viewed in the following link: **<http://www.srmist.edu.in/camberracing/index.htm>**.

THE CONRODS

Faculty Mentor: Dr. P. Baskara Sethupathi, Dept. of Automobile Engineering

The Conrods is the official BAJA SAE Off Road Racing team of SRMIST Kattankulathur Campus. It comprises of 25 dedicated and passionate undergraduate students from a broad range of engineering disciplines. It is the place of future leaders who have already marked their position in motorsports. The team in association with the Society of Automotive Engineers (SAE), India chapter promotes engineering excellence. The Conrods was established in 2008. The team participates in BAJA SAE events in National and International fronts. BAJA SAE events provide an environment of healthy competition with a chance to expand the knowledge base and technical skills, while having fun all along the way. Here, students are encouraged to use the knowledge gained in the classroom to come up with creative and innovative designs. Hands on knowledge gained from this gives the students a competitive edge when entering into the industry. Visit <http://www.srmuniv.ac.in/thecanrods/index.htm>. for required information.

4ZE RACING

Faculty Mentor: Dr. T. Praveen Kumar and Dr. Leenus Jesu Martin, Dept. of Automobile Engg.

The word ‘4ZE’ stands for “FOR ZERO EMISSION”. 4ZE Racing is the official student formula electric racing team of SRMIST. It is a team of 60 highly dedicated and passionate undergraduate students whose main passion lies in engineering and achieving new possibilities. The team works toward energy efficiency and aims to develop a sustainable environment. The team is completely managed by students, and its three domains Mechanical, Electrical and Corporate work hard together to get it rolling on the ground and make it to the level where it can compete with the cars worldwide.

The spark was ignited in 2012 when a group of students decided to build a car the knowledge they gained from college and give the world a non-polluting vehicle. The team participates in international events such as FSAE held across the globe and

compete with world class teams. Visit www.4zeracing.com. for required information

SRM SAE COLLEGIATE CLUB

Faculty Mentors: *Dr. M. Cheralathan, Dr. P. Baskara Sethupathi, Dr. R. Murugesan and Dr. V. Krithika, School of Mechanical Engineering*

The SRM SAE Collegiate Club organizes events every semester to provide a platform for budding engineers to showcase their skills and implement what they learn in their textbooks. The club also organizes various workshops and seminars every semester to increase awareness among students about the latest trends in the fields of automobile, aerospace, and advanced mobility. Members of this club also get the privilege to become a member of the esteemed worldwide organization and also get access to the SAE research papers. The students also get the latest insights from the industry in the form of the SAE newsletter every month.

INFIEON SUPERMILEAGE

Faculty Mentor: *Mr. S. Logeshwaran, Dept. of Automobile Engineering*

Infieon Supermileage, constituted in 2012, is the official team of SRMIST participating in the Shell Eco-Marathon. The team comprises students from different engineering domains who have come together to build highly fuel efficient vehicles. The team also plans to spread the message of 'Fuel and Energy Conservation' through its various campaigns around the country. The team believes in continuous learning, the motto being "Journey is the Destination!" The official Supermileage Team of SRMIST, Chennai design, fabricate and test ultra-fuel efficient prototype vehicles for participating in Shell Eco-marathon Asia. Visit www.infieonsupermileage.com. for required information.

ENIGMATIC PLODDER

Faculty Mentor: Mr. S. Madhan Kumar, Dept. of Automobile Engineering

Enigmatic Plodder is the Official Quad Bike team of SRMIST, Kattankulathur, Chennai. Enigmatic Plodder, formed in 2014, is the result of zeal and determination of engineering students who wanted to create a difference. The student run, non-profit team specializes in the development, design and fabrication of All-Terrain Vehicles also known as Quad Bikes, and takes part in national competitions, namely Quad Bike, Design Challenge and Quad Torc. The team ensures its evolution by designing each of its vehicle with changes and significant improvements over its predecessor. Visit www.enigmaticplodder.com for required information.

TEAM FULL THROTTLE

Faculty Mentor: Dr. D. Boopathi, Dept. of Automobile Engineering

The team was established in 2013 through the arduous efforts of enthusiasts, who wanted to understand more in practical terms how an automobile functions in the real world. In the process of achieving the target of making a small vehicle, the team also wants to create a proactive work environment for encouraging young enthusiasts and providing them with an ideal platform for exhibiting their skills. The team wants to focus on something simple and effective and has common populace as a wider audience group in the scenario of motorsports. Hence the Go-Kart championships are chosen as core sector.

The team gears up for the event conducted by the SAE Collegiate Club of Lovely Professional University under the title of IGC (International Go-Kart Championship). This is the second largest event for Go-Karts next to NGKC (currently renamed GKDC - Go-Kart Design Championship).

IET-IOT CLUB

Faculty Mentor: Dr. Revathy Venkatraman, Chairperson, School of Computing

The objectives of the club are

- To create a series of activities which will lead to the acquisition of IOT skill set for the students of our University
- To build a capable and talented start-up community and entrepreneurial ecosystem for IoT
- To provide an ecosystem for innovation to thrive and embrace entrepreneurship
- To energize the research mindset and reduce costs in Research and Development by providing neutral and inter-operable, multi-technology stack laboratory facilities
- To reduce import dependency on IoT components and promote indigenization
- To provide environment for product Creation, Testing and algorithms for Validation and Incubation
- To create innovative applications and domain capability across verticals for the country's needs such as Smart City, Smart Health, Smart Manufacturing, Smart Agriculture, etc.

SRM TEAM HUMANOID

Faculty Mentor: Dr. M. Sangeetha, Dept. of ECE

The team was formed in 2013 with 12 members. It partakes in international competitions and plans to continue its research in the fields of Artificial Intelligence, Humanoid Manipulation, Human Robot Interaction, and Machine Learning. The team aims to put India as the forerunner in Robotics Research and to win more accolades for the Nation and the University.

AAKASH RESEARCH LAB

Faculty Mentor: Dr. S. Vasanthadev Suryakala, Dept. of ECE

Aakash Research Lab, a part of ECE department is an aspiring team from SRM Institute of Science and Technology which deals with application development for Akaash tablets and its operating environment. Aakash is a low cost tablet computer that is promoted by the Government of India under the program National mission On Education through ICT to link various engineering colleges and universities in an e-learning program. SRMIST has been identified as a remote center to carry out this mission. Team Aakash has a reputation of creating applications based on android which is both helpful and informative for its users.

OPTIZEN

Faculty Mentor: Dr. Shanthi Prince, Department of ECE

OPTIZEN is an initiative of the SRM OPTICA Student Chapter to work in the field of optics and its related technologies. OPTIZEN group also comprises different domains where students can survey themselves in contrasting areas of interdisciplinary research such as Quantum and atomic optics, optoelectronics, and sensors, communication, opto-mechanics, optical materials, and so on. The Vision of OPTIZEN is to expose the students to challenges awaiting them in the field of Optics and Photonics, to create a friendly environment that encourages out of classroom learning experience, and to provide a platform for innovation through practical skills. Missions of the group are to Organize workshops, seminars, competitions, and outreach activities to expose students to real-time challenges, uplift them to engage in various events and competitions, and enable students to face any hurdles in their way of learning and be dynamic along with the growing technology.

TEAM-EMBELLIGENCE

Faculty Mentor: Dr. A. Ruhan Bevi, Department of ECE

Team Embelligence is a faculty mentored student association in the Department of ECE to provide opportunity for students to broaden their knowledge of embedded

systems programming and its applications. This forum would bring an interaction between the students who have a shared interest in embedded systems.

CLUB - RADIANCE

Faculty Mentor: Dr. P. Aruna Priya, Department of ECE

RADIANCE is a student club initiated by the ECE Department Student Counseling Cell (DSCC) and UHV Cell (An AICTE Initiative) with the motto "*In Humanity We Trust, Harmony We Create, Values We Uphold*" to nurture students to live with mutual happiness with human beings and mutual prosperity with the rest of nature. This club also thrives in supporting the nation in achieving Sustainable Development Goals (SDG) especially,

SDG 3: Ensure healthy lives and promote well-being for all at all ages

SDG 4: Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

SDG 5: Achieve gender equality and empower all women and girls

Our club wants to make one realize their own potential and work productively, coping up with the normal stress of life and make a positive contribution to the community. The club will organize workshops and seminars to enhance human values and best practices, community service projects, social events that foster friendship and camaraderie among the members.

SRM OPTICA (formerly SRM OSA) Student Chapter

Faculty Mentor: Dr. Shanthi Prince, Dept. of ECE

SRM OPTICA (formerly SRM OSA) Student Chapter, under the department of ECE was officially inaugurated on December 1, 2017. This student chapter, managed for and by students, creates valuable opportunities for professional development. The OPTICA mission is to promote the generation, application and archiving of knowledge in optics and photonics and to disseminate this knowledge worldwide. Its broad objectives encompass scientific, technical, and educational domains. This chapter has organized a variety of activities aimed at raising awareness and enriching students' understanding of optics. SRM OPTICA Student Chapter

managed to organize a series of guest lectures throughout the year by eminent scientists working in the field of optics, which helped the OPTICA members to gain vast knowledge shared by the experts.

ECE ASSOCIATION

***Faculty Mentor: Dr. Ferents Koni Jiavana, Dr. J. Kasthuri Bha, Dr. S. Kayalvizhi,
Dept. of ECE***

The ECE Association, short for the Electrical and Communication Engineering Association, is a dynamic student club dedicated to fostering collaboration within the department. Balancing technical and non-technical pursuits, the association acts as a vital link between faculty and students. Its core mission is to cultivate an environment conducive to learning, innovation, and the acknowledgment of exceptional accomplishments in Electrical and Computer Engineering. The ECE Association was founded with a multifaceted purpose: Conducting both technical and non-technical events that enrich the academic and extracurricular experiences of students, hosting workshops to enhance practical skills and foster a culture of continuous learning, awarding recognition to outstanding individuals who have demonstrated excellence in their academic pursuits and establishing a dedicated technical team responsible for organizing and presenting innovative projects developed by students.

IEEE Women in Engineering Society Students Branch

Faculty Mentor: Dr. M. S. Vasanthi, Dept. of ECE

IEEE Women in Engineering (WiE) is one of the largest international professional organizations dedicated to promoting women engineers, scientists, and inspiring girls around the world to follow their academic interests in a career in engineering. The mission of IEEE WiE – Affinity Group (AG) of the IEEE – SRMIST Student Branch (SB) is to inspire, engage, encourage, and empower women worldwide. It envisions a vibrant community of women and men collectively using their diverse talents to innovate for the benefit of humanity. This IEEE WiE - AG is active since 2019 and regularly conducts many events. Workshops / Seminars – Women in STEM in

2019, International conference on SDG 5 – Gender Equality during 2022 and 2023, Outreach activities give a platform to the women to discuss various topics on gender equality.

IEEE SRMIST Electron Devices Society Student Branch Chapter

Faculty Mentor: Dr. Soumyaranjan Routray, Dept. of ECE

IEEE SRMIST Electron Device Society SBC is a professional society at SRMIST under IEEE Madras Section. It is inaugurated on 1st February 2023 in association with Dept. of ECE, SRMIST and IEEE SRM Student Branch Chapter. The mission of this professional society is to advance the field of electron devices and VLSI by increasing its members' access to and interchange of technical knowledge, publication, education, and recognition, and by raising the profile of the subject in public awareness. The vision of the society is to advance the state of the art in the field of electronic devices for the good of society. The field of interest of this society is electron and ion devices in classical and quantum states, VLSI, photo-electronic, electro-magnetic, electromechanical, electro-thermal, and photovoltaic devices. This professional society aims to motivate more students, train them in the field of core electronics and create skilled manpower for India Semiconductor Mission. There are total 25 students members, 7 professional Members and 3 senior members associated with this society.

IEEE SSIT SRMIST SBC

Faculty Mentor: Dr. T. Deepa, Dept. of ECE

IEEE Society of Social Implications of Technology SRMIST Student Branch Chapter was established on 9 March 2023 with 36 IEEE student members. The SBC aims to foster interdisciplinary discussions and collaborations among engineers, scientists, researchers, policymakers, and social scientists to address the social, ethical, and policy challenges arising from technological innovation. It recognizes the need for considering the broader impact of technology beyond technical aspects, such as privacy, security, sustainability, equity, and access. We organize conferences, workshops, and events to facilitate knowledge sharing and exchange

of ideas on topics related to the social implications of technology. The SBC also engages in educational activities, including the development of resources and curricula, to raise awareness and understanding of the social implications of technology among students and professionals. It collaborates with other organizations, policymakers, and stakeholders to provide input and guidance on ethical and societal aspects of technological developments.

IEEE SSIT SRMIST SBC is dedicated to addressing the social, ethical, and policy implications of technology. It brings together professionals from various disciplines to foster interdisciplinary discussions and collaborations, promoting the responsible development and use of technology for the betterment of humanity.

IETE STUDENTS FORUM (ISF)

Faculty Mentor: Dr. S. Krithiga, Dept. of ECE

IETE Students Forum (ISF) – is a student chapter of the Institution of Electrical and Electronics Engineers (IETE) professional society in Department of ECE, SRMIST, Kattankulathur started in the year 2013 and is currently now with a student strength of 52. The main objective of ISF is to counsel the students in the emerging new opportunities and improvise the standard of Engineering Education. This forum encourages and motivates the students to organize / attend various technical programs, special lectures, workshops, project exhibitions and seminars thereby gain engineering knowledge and benefit the society. It also facilitate technical visits, project work, and contact with industries and academic institutions. The students also attain the benefits such as priority for publishing their papers in Journal of Education and also subscribe to other publications such as IETE Journal of Research and IETE Technical Review. ISF students can attend IETE technical programs in India at reduced registration fees.

IEI ECE STUDENT CHAPTER

Faculty Mentor: Dr. S. Dhanalakshmi, Dr. K. Harisudha, Dr. S. Latha, Dept. of ECE

The Institution of Engineers India (IEI) ECE Students Chapter at SRM Institute of Science and Technology (formerly known as SRM University), Kattankulathur has been recognized as an authorized student chapter approved by The Institutions of Engineers (India), Kolkata, since September 2017. ***Chapter Code: 603203/SRMU/EC.*** The benefits of being a member of the students' chapter are the following: Various technical events like seminars, industrial visits, group discussions, technical quiz competitions, workshops and model / poster competitions will be organized throughout the year with the sponsor and banner of IEI. An Annual Students' Convention with a Seminar on a topical subject and Technical Session will be conducted to provide a platform for presentation of technical papers and building fellowship and opportunities for networking with peers and senior members of the Institution. Opportunity to participate in technical events e.g. Seminars, Symposia, Conventions, Workshops, etc., organized by various IEI centres at State, National and International levels at a concessional rate of 20%. Scholarships for selected student members will be given by IEI, and R & D grant from IEI

TEAM Aerospace Systems Research Laboratory (ASRL)

Faculty Mentor: Dr. K. Allwyn, Dept. of Aerospace Engineering

Aerospace Systems Research Laboratory (ASRL) is the result of the merger between two technical student teams: SRM-UAV and SRM-SCRO. ASRL specializes in researching and developing unmanned aerial vehicles (UAVs) and related systems, with the goal of solving modern-day problems using cutting-edge UAV technology. SRM UAV and Student Copter Research Organization was established in 2013 by a team of highly enthusiastic undergraduate students with the facilitation of SRMIST, Chennai. The team consists of students from various domains including Design and Fabrication, Flight Systems, Computer Vision, Web Development & Corporate. With the zest to Inspire, Initiate and Innovate, this team

brings many laurels to the university by participating in multiple national and international events. Some prominent events and projects include Aero 360 a national level aero modelling competition, the Singapore Space Challenge '13, AAWMD – Autonomous Ambient Weather Monitoring Drone, the International Micro Aerial Vehicle 2014, SAREX18 (Search And Rescue EXercise-2018), AAKRUTI 2018, Op Rahat – Techfest at IIT Bombay and Tatamakerthon challenge at IIT Bombay. The team has won 1st place in the Forensic Hackathon organised by Govt. of Uttarakhand, XDesign Challenge conducted by Dassault Systems, Aerothon 2021 organized by SAE India, First place in VAYURYA 2024 held at NITTE, Mangalore. Being a part of this team also opens the door for the publication of quality research papers in reputed journals.

TEAM RECON SUBSEA

Faculty Mentor: Dr. G. Y. Rajaa Vikhram, Dept. of EIE

Team Recon Subsea is SRMIST's official ROV team. Located in the Kattankulathur Campus on the outskirts of Chennai, Recon Subsea is a 25-member team of budding tech enthusiast engineers from various backgrounds working on the objective of popularizing the growing field of marine technology in their campus and beyond. What started as a major project of an alumni of SRM, Mr. Tony Phillips, is now fully established as a Marine Research Team.

Recon Subsea has a standard domain-wise structure common among college teams. The Students are divided into 5 domains: Coding, Electronics and Power Systems, Mechanical, Corporate and Graphic Design.

Recon Subsea's primary objective is to participate in the MATE ROV Challenge which is held in the USA every year. Since 2018, the team has built ROVs for the yearly problem statement and participated in the regional competition. The team travelled to Indonesia with their first major project called Rusty. The team ended up achieving 4th position in ASEAN regional competition. A year after this, in 2019, when the Regionals were held in Mumbai, India the team manufactured their second major robot called Varun. This robot and the team that went with it secured Second Position all over India. They also won the Innovative Design Award highlighting the

advancement they had made in the last year. The team used the experience and technical know-how from this competition to publish their first research paper called floatbox: An Innovative approach to designing methodology for remotely operated underwater vehicle.

SRMKZILLA

Faculty Mentor: Dr. S. Karthick, Dept. of Computational Intelligence

SRMKZILLA is a part of the network of Mozilla Clubs inspired by the Mozilla Learning Network. It is an active and professional technical club of the University for the last 4 years. The club provides a very good platform for students to test their skills both technical and non-technical by engaging them in different activities such as working on open source projects, development of websites, an organization of technical fests, workshops and so on.

SRM RUDRA

Faculty Mentor: Dr. A. Rathinam, Dept. of EEE

RUDRA is the official ***Mars Rover team*** of SRM Institute of Science and Technology which has been participating in the University Rover Challenge (URC) organized by the Mars Society at MDRS, Utah, USA, since 2013 (<https://www.srmrudra.com/team-page>) Kattankulathur. Our Team consists of over 30+ undergraduate students from various disciplines of Engineering and Technology right from first year to final year UG students, with the aim to develop a Mars Rover which meets international standards for the University Rover Challenge and other similar competitions. The team's primary focus is excelling in the University Rover Challenge which is a premiere International Robotics competition and Indian Space Robotics competition for space exploration. It held the following positions over the years at URC:

- ***URC 2013:*** World Rank: 5th Asia Rank: 1st
- ***URC 2014:*** World Rank: 5th Asia Rank: 1st
- ***URC 2015:*** World Rank: 12th Asia Rank: 2nd
- ***URC 2016:*** World Rank: 9th Asia Rank: 1st

- **URC 2017:** World Rank: 20th Asia Rank: 2nd
- **URC 2019:** World Rank: 11th Asia Rank: 2nd
- **IRC 2020:** World Rank: 3th Asia Rank: 1st

CONCRETE CANOE RACING TEAM

Faculty Mentor: Dr. S. Pradeep, Dept. of Civil Engineering

Concrete Canoe Racing Team (CCRT) was founded in 2015 with the objective of making light weight concrete canoe. The team decided to participate in the India's First Concrete Canoe Competition 2015. Adithya Eswaran and Vishruth Krishnan, along with 12 other students of the department of Civil Engineering conceived the idea under the guidance of Assistant Professor, Mr. S. Pradeep. SRM CCRT has won India's First Concrete Canoe Competition with our first canoe "THIMIL". The team of 12 members designed a second canoe "NAVAI" for research purpose in 2016. In 2019, the 13 members team is doing research to make a light weight 5m concrete canoe, and the team decided to participate in the International Concrete Canoe Competition 2020.

TEAM URJA

Faculty Mentor: Dr. S. Pradeep, Dept. of Civil Engineering

The team was formed in 2017 with the aim of fabricating light weight solar powered boats. The team decided to participate in the annual Solar Splash Competition 2019 held in the USA. The team specializes in fabricating light weight Solar powered boats based on the requirements of the competition and conducting the research on the same. The Team consist of 8 passionate Undergraduate Engineering Students from various engineering disciplines such as Civil Engineering, Mechanical Engineering, Electrical and Electronics Engineering.

SRM WRO Team

Faculty Mentor: Mr. K. Sivanathan, Dept. of Mechatronics Engineering

The team works on building an autonomous robot which could arrange the tetra cubes autonomously in a given pattern. Since the robot needs complete autonomy,

the team comprises of student members from different disciplines. The key research avenues are locomotion, sensor fusion, SLAM, control of autonomy, communication, and so on. The team was formed in the year 2016 and participated in national level WRO competitions in the year 2016 and 2018. The team endeavors to build the autonomous robot as a product eventually. In addition, the team participates in the World Robot Olympiad Competitions.

SRM ASV (SRM Autonomous Surface Vehicle) Team

Faculty Mentor: Mr. K. Sivanathan, Dept. of Mechatronics Engineering

The team works on building an aquatic boat which could perform different missions autonomously on the surface of water. As the boat exhibits complex dynamics, it poses great challenges in control and navigation. There are several research avenues in Autonomous Surface Vehicle such as perception, sensor fusion, control of autonomy, communication and so on. Since its conception, the team has built several variants of ASVs with different capabilities. Although the team's mission is to eventually develop ASV as a commercial product, the team participates in the international Roboboat Competition conducted by AUVSI foundation annually. The team acquired 2nd position in Static Judging Phase of the International Roboboat Competition 2016 held in the USA.

Team SPARS

Faculty Mentor: Dr. T. Muthuramalingam, Dept. of Mechatronics Engineering

The team is continuously participating in aero design events conducted by SAE both within the India and USA, since 2017. The aim of the team is to develop unmanned aerial vehicle based on the constraints provided by the organizer. The future goal of this team is to apply research concepts in UAV control for the benefits of the students. It is planned to have commercialization of the fabricated model. This team participated in many international events held under two classes, namely Advance class and Micro class. Competing with many international teams, the team have achieved milestones and was appreciated by the judges. The outcome of the event participation is also aimed in external project funding and student placement.

Team D.I.R.T (Dive into Robotics Technology)

Faculty Mentor: Mr. S. Vasanth, Dept. of Mechatronics Engineering

Team D.I.R.T (Dive into Robotics Technology) a nonprofit student driven organization founded in the year 2016 under the department of mechatronics engineering. The objectives are to create general awareness towards robotics technology and to provide opportunities for the team members to gain invaluable hands-on engineering and experience as they design, fabricate and compete combat robots. Team DIRT, also the official Combat Robot Team of SRMIST under SIIEC, was formed to nourish the Consortium of students in order to advance in the field of futuristic technologies. We as a team have participated in various competitions and have earned laurels for our university. The team bagged many awards since its inception.

ETROS RACING

Faculty Mentor: Mr. S. Vasanth, Dept. of Mechatronics Engineering

ETROS Racing a non-profit student driven organization founded in the year 2014. The objectives are to create general awareness towards green technology by promoting alternate and efficient sources of fuels and to provide opportunities for team members to gain invaluable hands on engineering and business experience as they design, fabricate and race solar cars. The team operates under the supervision of SRM Innovation and Incubation Entrepreneurship Centre (SIIEC) which aims of collaborating the various teams in the university to provide a superior working environment. Our solar car was showcased in Global Exhibition on Services (GES 2016), a global platform offering opportunities for networking and business delegations from across the world. It is organized by the Ministry of Commerce and Industry (Government of India) under Make in India campaign. This team continuously participated and bagged awards in Indo Asian Solar Challenge 2015, 2016, 2018, and Electric Solar Vehicle Championship 2016, 2018.

Team Auto-Creed Racing

Faculty Mentor: Mr. S. M. Vignesh, Dept. of Mechatronics Engineering

Team Auto-Creed Racing works on fabricating electric racing go-karts. Electric vehicles are the future and aim for sustainable development. Auto-Creed Racing is a venture started in SRMIST in the year 2015. It is home to the first Electric Go-Kart of the University.

Auto-Creed Racing is a motorsport racing team which envisions to bring a clean version of go-kart racing to the competitive college racing scene. With its genesis in 2015, Auto-Creed Racing comprises a team of dedicated individuals working towards integrating strong and innovative engineering practices into manufacturing. Building the team from the ground up, now it has evolved into a group which is determined to continue on its winning spree and progress into the multifaceted world of motorsport racing.

TekMedica

Faculty Mentor: Dr. Varshini Karthik, Dept. of Biomedical Engineering

A student technical club 'Tekmedica' has been formed to kindle students' innovation and to carry out projects with self-motivation. The major interest is with healthcare innovations and point of care medical devices. The team aims to work on a multidisciplinary approach making itself one of the most popular tech team in the region.

Mechanical Engineering Association- Student Chapter

Faculty Coordinator: Dr. A. Vijaya, Dr. P. Sudhakar

The Mechanical Engineering Association (MEA) student chapter provides a platform and opportunities for Mechanical Engineering students to develop essential organizational and managerial skills required to conduct technical events. The office members are elected based on their interest at the start of each academic year. The MEA conducts a variety of invigorating events, including quizzes, hackathons, 3D CAD design competitions, project exhibitions, workshops, and talks by alumni and experts.

One of the key events organized by the MEA is the Tech Quiz League, a technical competition conducted among department teams to enhance the technical skills of students. The department encourages winning teams with cash prizes.

Here is a summary of the Tech Quiz League events held so far:

Tech Quiz League 1.0 - AY2021-22

Tech Quiz League 2.0 - AY2022-23

Tech Quiz League 3.0 - AY2023-24

The MEA also organizes project exhibitions and competitions focusing on open-ended experiments for subjects like Manufacturing Processes and Metrology. These events motivate students to elevate their work to extraordinary levels by encouraging creativity and practical application of their knowledge.

Additionally, students organize various technical workshops such as Archetype Erudition, SolidWorks workshops, and AI & ML workshops. These workshops provide an opportunity for junior students to learn from their senior peers, fostering a collaborative learning environment and enhancing their technical skills.

***The Institution of Engineers, India - IEI Student Chapter- Mechanical Division
Faculty Coordinator: Dr. A. Vijaya***

The Institution of Engineers, India (IEI) Student Chapter - Mechanical Division was established in September 2022. Since its inception, this chapter has organized several IEI-sponsored events, including two-day workshops on digital image processing and correlation, CNC programming and practices, teardown analysis of IC engines, and student seminars. These workshops, sponsored by IEI Kolkata with a grant of approximately Rs. 1,00,000, have also been attended by students from other colleges, providing widespread benefits.

A key feature of this chapter is its annual Hackathon event held on Engineers' Day (September 15th). Here is a summary of the hackathons organized so far:

Mini Hackathon - Sep 2021

DnA Hackathon - Sep 2022

SMART EcoBin Hackathon - Sep 2023

Centre for Lean and Six Sigma (CLASS)

Membership No.: SRMKTR/SCH/201802

Faculty Mentor: Dr. E Vijayaragavan, Dept. of Mechanical Engineering,

Email: class@srmist.edu.in, vijayare@srmist.edu.in

The centre is established with the support of MSME Technology Development Centre, Agra. Over 300 students have become Six Sigma Green Belt Professionals and 25 students have become Six Sigma Black Belt Professionals. More than eighty Internships have been offered to the students so far, in companies like Caterpillar, Ashok Leyland, American Axles Manufacturing, FORVIA, Hyoseong Electric India Private Limited, Ford India, Toyota, ZF RANE Automotive India Private Limited, RANE Engine Valves, Yamaha Motors India, Wittur Elevator Components, VPG Sensors, and Sundaram Motors. The programs are offered with the support of industrial experts. The members have won the Intercollegiate quiz on Quality conducted by NIQR and ISQ.

Indian Society for Quality ISQ Student Chapter (ISQ SC)

Membership No.: SRMKTR/SCH/202303

Faculty Mentor: Dr. E Vijayaragavan, Dept. of Mechanical Engineering,

Email: vijayare@srmist.edu.in

The Student Chapter of Indian Society for Quality was established in May 2023 with the mission of “Contribute to the thriving of humanity in a healthy planet”.

ISQ Student Chapter at SRM IST has the following industrial experts as mentors:

1. Dr. Rajkumar Swaminathan, President - REVl Rane Engine Valves Limited,
2. Mr. Raajkumar B. Sr. General Manager - TAFE Tractors and Farm Equipment Limited,
3. Mr. KN Gopalakrishnappa, Head Quality based Management - CEAT Tyres Limited
4. Mr. L Murali, Assistant Vice President (Process and Quality Assurance), Equitas Small Finance Bank.

5. Mr. Vishwadeepak Khandelwal, General Manager (TQM), Sundaram Clayton Limited

The student chapter will prepare the students to be industry-ready graduates by providing professional development programs in Lean Six Sigma, Integrated Management Systems and Project Management. Our members have been offered internships at leading organizations to practice the theoretical knowledge gained in academia.

SESI Student Chapter, SRMIST

Faculty Mentor(s): (1) Dr. Soumyaranjan Routray, Dept. of ECE, (2) Mr. Joji Johnson, Dept. of Mechanical Engineering

Solar Energy of India (SESI), established in 1978, having its Secretariat in New Delhi, is the Indian section of the International Solar Energy Society (ISES). Its interests cover all aspects of renewable energy, including characteristics, effects, and methods of use, and it provides a common ground to all those concerned with the nature and utilization of this renewable non-polluting resource. For over 40 years, the members of SESI have helped the renewable energy industry to grow in India such that renewable comprise 23% of India's total power installed capacity. SESI through its knowledge sharing and community building programs, helps its national membership provide the technical answers to accelerate the transformation to 100 % renewable energy and thereby achieving its vision of 100% green power. SESI has a track record of strongly supporting the solar industry, helping shape public opinion through education and outreach activities, and providing informed comments on global issues.

The activities of SESI are but not limited to:

1. Collecting, compiling, and disseminating information relating to renewable energy;
2. Organizing seminars and international conferences; by publishing books, memoirs, journals, and proceedings in the field of renewable energy;
3. Monthly newsletters, internships, ;
4. Establishing formal education curriculum in collaboration with other institutions;

5. Establishing Renewable Energy Centers in collaboration with Corporates, NGOs, Foundations, individuals and government bodies; and
6. Collaborating and cooperating with other scientific societies, institutions, and academies in the country and abroad for research, development, and furtherance of renewable energy utilization.

SESI Students' Chapter of SRMIST motivates and impart quality research in the field of renewable energy and spreading awareness about renewable in and around SRMIST in particular and the entire South in general. The main aim of this chapter is to train the techies and encourage research in the field and hence to generate a valuable workforce for the country. Additionally, it will harness the potential of budding technocrats in the field of solar energy. A dedicated platform will be provided to students of SRMIST as well as faculty to conduct regular workshops, conferences, distinguish lectures, and specifically research on renewable energy.

Team Super Ignitors

Faculty Mentor: Dr. R. Pankaj Kumar, Dept. of Mechanical Engineering

Team Super Ignitors is a workstation where like-minded people compile to find technical, educational and co-operative excellence for the team. The main core motive is the systematic development of the group chained under proper leaders, the board of directors, mentors, technical leads and members adjoining us in this travel. Team Super Ignitors, a team of engineering students from various branches was formed on 14th October 2017. It's an RC IC car race team aiming to build their own cars and race them in different events. The team has participated in various RC car events held at different IITs and NITs in recent years and represented SRMIST.

Team Hybrutos Racing

Faculty Mentor: Dr. P. Nandakumar, Dept. of Mechanical Engineering

Hybrutos Racing is the official formula hybrid team comprising a faction of 35 engineers of various inter-disciplinarian manoeuvres to fabricate racing cars for Formula Hybrid Competition, held at Loudon, New Hampshire, USA. The team believes in 3P's: Passionate, Performers and Perfectionists, never willing to compromise on quality and hard work. The team uses the most advanced modeling and analyzing software to design the hybrid race car in order to emblazon their mission towards a brighter future through sustainable development. On completing its hybrid prototype 'Fury' in March 2015, the team unveiled its first hybrid race car 'Alpha' in April 2016 and secured overall first in "Hybrid in progress" category on its debut at Formula Hybrid Competition 2016. The team has won the overall third place in Formula Hybrid 2017 (Hybrid Class) and the spirit of Formula Hybrid Award.

The team participated in the event Formula Imperial-HVC-2019, which is a student formula style vehicle design and manufacturing event. The 5th Edition of the event was held between 4th and 10th February, 2019. This season of Formula Imperial was held at Galgotias University, and Buddh International Circuit, Greater Noida. The team cleared the Technical Inspection and Brake Test successfully and thus was allowed to participate further in the dynamics events. In Business plan presentation, the team had to prepare a business strategy as a start-up and seek investments from the investors & in Cost Presentation, the team was evaluated on the basis of its understanding of the manufacturing processes and the cost incurred for the production of a prototype.

The team secured 1st position in B-Plan & Cost Presentation. The team was also selected for the Best Design award.

Team Infi Alpha Hyperloop

Faculty Mentor: Dr. S. Prabhu, Dept. of Mechanical Engineering

Infi Alpha Hyperloop is a technical team of undergraduates working on the research, development and design of Hyperloop System. The team aims to implement the

first feasible Hyperloop route in India as a pilot project, and setting up a foundation for a Pan-India Network. The team comprises of several core members, further divided into 4 broad domains, according to their fields of expertise, namely:

- Structures Design and Analysis
- Propulsion and Braking
- Electronics and Embedded Systems
- Corporate Relations

ETROS SOLAREON RACING

Faculty Mentor: Mr. Joji Johnson, Department of Mechanical Engineering

Dr.M.Mohamed Rabik, Department of Mechatronics Engineering

ETROS SOLAREON RACING is non-profit student driven organization founded in the year 2014. The objectives are to create general awareness towards green technology by promoting alternate and efficient sources of fuels and to provide opportunities for team members to gain invaluable hands-on engineering and business experience as they design, fabricate and race solar cars. We aim to manufacture a highly efficient and sustainable solar electric vehicle and as a team, we strive to bring about excellence and have done so garnering a firm reputation both on campus and in the competitions we have participated in.

For the upcoming events, we drive to become more robust with our methods. Starting with targets such as Telemetry and Communication (CAN and LINBUS), Sensor data acquisition and Real-Time Monitoring, Remote Automation and Control and Autonomous Capabilities (Lane detection and Path following). The team operates under the supervision of SRM Innovation and Incubation Entrepreneurship Centre (SIIEC), which aims to collaborate with the various teams in the university to provide a superior working environment. Our solar car was showcased in Global Exhibition on Services (GES 2016), a global platform offering opportunities for networking and business delegations from across the world. It is organized by the Ministry of Commerce and Industry (Government of India) under the Make in India campaign. This team continuously participated and bagged awards in Indo Asian

Solar Challenge such as overall 2nd position, 2nd in Autocross, best innovation, runners up in B-plan and cost report along with this, awards in competitions like SUVC and ESVC in 1st runners up, best solar endurance, best team management. With the latest accolades won by the team in 2023. The team won The Future Award and a cash prize of 10,000 INR, a testament to the tremendous effort and progress that had been made.

Team Elecruisers

Faculty Mentor: Dr. T. Rajasekaran, Dept. of Mechanical Engineering

The Elecruisers is the official E-BAJA multi disciplinary student team of SRM Institute of Science and Technology, Kattankulathur, Chennai. The team participates in E-BAJA SAE INDIA competition, which is an intercollegiate design, development and race competition usually organized in the northern part of India. The team makes electric all-terrain vehicle (ATV), promotes E-mobility and aims at innovating sustainable development. The team was established during the year 2016 and comprises students from departments like ECE, EEE, Mechanical, Mechatronics, CSE, Automobile, etc. Generally, team size is to be limited to 25 including girl members. Presently, the team holds 4 girl members and 21 registered members. There are few student members who contribute to the team without registration also, for the sake of hands-on experience.

The objective of the team is to design, develop and implement the same and validate the outcome with the experts from SAE eBaja organization committee by the students. This takes place in different phases. In the first phase, design changes are verified, the second phase validates the cost, and finally the endurance run is taking place physically. Recently, post covid, the team took part in the physical event organized at Chitkara University, Himachal Pradesh, 3-8 April 2023, where it was able to clear Mechanical testing successfully.

Team SRM HPV

Faculty Mentor: Mr. S. Balamurugan, Dept. of Mechanical Engineering

The team SRM HPV - Human Powered Vehicle Challenge provides an opportunity for students to demonstrate the application of sound engineering design principles in the development of sustainable and practical transportation alternatives. Students work in teams to design and build efficient, highly engineered human powered vehicles for everyday usage and make transportation easier and cost efficient. Our team consists of students with different ideologies working together in seven different domains, namely, Chassis, Steering, Wheel Assembly, Brakes, Gears, Seat and Fairing. Team works together to present the most economical and sustainable design for human transportation.

The team SRM HPV has participated in the ASME E-FEST 2019 held at VIT-Vellore during the month of February 2019. The team has also participated in the following activities at E-FEST: Women's drag race, Men's drag race, Endurance race. The team SRM HPV secured 2nd Prize in the Women's drag race among 40 teams in the ASIA PACIFIC E-FEST.

Team IAM3D

Faculty Mentor: Mr. S. Balamurugan, Dept. of Mechanical Engineering

The team IAM3D - Innovative Additive Manufacturing 3D (IAM3D) Challenge is designed to give mechanical and multi-disciplinary undergraduate students an opportunity to use additive manufacturing technologies to re-engineer existing products or create new designs by demonstrating the value added through their application of sound engineering design principles. Our team consists of five different domains, namely, Designing, Analysis, Components, Calculations and Arduino Programming. Team focuses on constructing lightweight designs that can perform tasks perfectly. The team IAM3D has participated in the ASME E-FEST 2019 held at VIT-Vellore during the month of February 2019. The team has also participated in ASME's Innovative Additive Manufacturing 3D Challenge and

acquired 2nd price in the Innovative Additive Manufacturing 3D Challenge among 18 groups in the ASIA PACIFIC E-FEST.

Team SDC

Faculty Mentor: Mr. S. Balamurugan, Dept. of Mechanical Engineering

The team SDC - Student Design Competition provides a platform for students to present their solutions to a range of design problems – from everyday household tasks to groundbreaking space exploration. Each team is required to design, construct, and operate a prototype meeting the requirements of an annually determined problem statement. Group of brilliant engineers coming together from multi-engineering backgrounds to find solutions to the annual problem statement.

ENGINEERS WITHOUT BORDERS (EWB)

Faculty Mentor: Mr. V. Raghavendra Rao (Assistant Professor, Mechanical Engineering)

Engineers Without Borders (EWB) is a world renowned Non-Profit Organization (NPO) which aims at building a better world through engineering projects that empower communities to meet their basic human needs and equip leaders to solve the world's most pressing challenges. The international body, spread over various developed, developing and under-developed nations, envisions a world in which every community has the capacity to sustainable to meet their basic human needs. Our student chapter here at SRM Institute of Science and Technology (formerly known as SRM University), strongly believes in the '4C' policy:

- Creating a new generation of global engineers
- Contributing in meeting the set millennium goals of our nation

- Collaborating for projects aimed at empowering communities to meet their basic human needs
- Changing our surroundings to facilitate a ‘healthy tomorrow’ We are the SRM KTR student chapter of the international organization, Engineers Without Borders.

We work towards building a better world by using our engineering knowledge to provide help to the communities in need. We encourage and equip talented engineers to lift the collective prospects of our planet. We extend our skills by working with charitable and technical projects together.

Team SRMAUV (SRM Autonomous Underwater Vehicle)

Faculty Mentor: Dr. K. Annapurani, Professor and Head, Department of Networking and Communications

SRM Autonomous Underwater Vehicle is a technical team that consists of undergraduate students from SRMIST, prototyping an autonomous underwater vehicle. The team is a collaboration among students of various departments of Engineering and Technology including School of Computing, Mechanical Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Mechatronics Engineering, and Automobile Engineering. The team participates in competitions such as-

1. SAVe: Students Autonomous Underwater Vehicle organized by the National Institute of Ocean Technology (NIOT), India.
2. SAUVC: Singapore Autonomous Underwater Vehicle Challenge organized by IEEE OES, Singapore Chapter and Co-Organised by Singapore Polytechnic, Singapore.
3. RoboSub: International RoboSub Competition organized by the Association for Unmanned Vehicle Systems International (AUVSI)Foundation held in San Diego, CA.

Achievements

- National Champions: Secured first place at NIOT (National Institute for Ocean Technology) SAVe competition held in Chennai in 2015.

- Sponsored by the Indian Government to participate in AUVSI's international Robosub competition at San Diego, USA, in 2015 to represent India.
- Sponsored by SRM to participate in SAUVC (Singapore Autonomous Underwater Vehicle Challenge) in 2015 and won a consolation prize.
- Received NVIDIA GPU-grant sponsorship for vehicle.
- Team invited to exhibit vehicle at ACMEE 2018, 13th International Machine Tool Exhibition held at Chennai Trade Centre, Tamil Nadu.
- Selected among 15 AUV teams out of 22 across India to participate in NIOT SAVe 2019 competition.
- Presented a novel underwater 3D simulation framework at IEEE OES - Underwater Technology '19 conference in Kaohsiung, Taiwan.

IoTAlliance

Faculty Mentor: Dr. Safa and Dr. Suresh, Dept. of Networking and Communications, School of Computing

Team Website: www.iotalliance.in

IoT Alliance is a not for profit club of SRMIST that revolves around the world of Internet of Things and allied technologies. This club is founded and headed by Dr. Safa & Dr. Suresh, Department of Networking and Communications, School of Computing since 2014. This club is unique as it is one of the very few clubs whose team composition includes students, faculty and alumni as its stakeholders. Our team indulges in various activities, including research, product development for local or international requirements revolving around IoT, AI, ML, and Data Analytics. As part of international engagements, we have successfully completed many

projects and one of the notable projects is the collaborative initiative with Sweden based start-up WeberMobility AB. Also, the club has participated and won in many Hackathons including Syndicate Bank Hackathon. Moreover, this club engages in knowledge dissemination to students through a series of workshops and national and international internships. This club has international collaborative projects with countries including Australia, Sweden, Rwanda etc. This club is selected under AICTE, Government of India scheme as the Role Model club of SRM and has received funding of INR 200000. The EEEA association

The Electrical and Electronics Engineering Association (EEEAA) was established in 2004 to foster a sense of community among students and faculty within the department. All the students and faculty in the department are members of EEEA. The association operates under the leadership of annually elected office bearers who oversee its activities and initiatives.

The primary objective of the EEEA is to cultivate the managerial and leadership skills of its members. To achieve this, the association organizes a variety of events throughout the academic year. These events, encompassing technical and non-technical domains, serve as platforms for students to develop and showcase their abilities. Technical events may include design competitions, hackathons, seminars, workshops, etc. Meanwhile, non-technical events could focus on tours, sports, cultures, etc.

By participating in the activities organized by the EEEA, students will have the opportunity to gain practical experience in event planning, coordination, and execution. These experiences not only complement their academic studies but also contribute to their personal and professional growth. Additionally, the association plays a crucial role in promoting a sense of camaraderie and collaboration among members of the department, fostering a supportive environment for learning and development.

Energy and Fuel Users Association of India (ENFUSE)

Energy and Fuel Users Association of India (ENFUSE) is an NGO representing a wide spectrum of Indian Organisations who are producers and users of all forms of energy. It was formed in 1950 as a voluntary and non-profit organization that seeks to maximize the effectiveness of energy and fuel usage. The ENFUSE student chapter was inaugurated in the Department of Electrical and Electronics Engineering, SRM IST on 14th March 2018. Its primary commitment aims at creating awareness on efficient energy management by conducting conferences, seminars, workshops and training programs in different regions of the country every year.

ENFUSE periodically conducts seminars, workshops, and conferences which are nationally and internationally recognized by the eminent industrial experts and academicians. The following are the key benefits of the ENFUSE members:

- Regular industrial visits to obtain experience on a real-time situation.
- Members will get opportunities to meet professionals from core companies periodically.
- Hands-on project work with Industries and Overseas Universities
- Opportunities to collaborate with Leading Overseas Universities
- A strong network of contacts of core company officials which could help increase the chance of getting a career in Core Company.

IEI Students' Chapter

The Institution of Engineers (India) IE(I) headquartered in Kolkata, aims to promote the needs of the student community, acts as a platform to connect with global engineers and actively encourages R&D programs through various promotional aids. In addition, supporting many types of activities such as Lectures, Seminars, Symposia, Workshops, and other educational programs. SRM Institute of Science and Technology (formerly known as SRM University) has been nurturing academic brilliance in young minds by encouraging and promoting Students' Chapters of various technical societies. Thus, it lead to the formation of the SRM-IE(I)EEE Students' Chapter.

The Institution of Engineers India (IEI)EEE Students Chapter at SRM Institute of Science and Technology, Kattankulathur is recognized as an authorized Students' Chapter. The Institution of Engineers (India), Kolkata, approves it. The inauguration of IE(I) Student's Chapter was held on 4th August 2017. Dr. C. Balaji / Assistant Professor, EEE Department is the faculty mentor for the IEI Student's Chapter. Currently, SRM-IEI Student's Chapter (EEE) consists of many students and organizes events such as workshops, hands-on trainings, seminars, industrial visits, guest lectures, and student competitions.

SRM Marine Technological Society

It is a proud moment to mention SRMIST is the first Indian university to start Marine Technology Student Chapter in India on August 22nd, 2016. Dr. R. Venkatesan is the Secretary and Mr. R. Nandakumar is the Treasurer of MTS India Section. Dr. J. Preetha Roselyn / Associate Professor, EEE Department is the faculty mentor for the SRM MTS. EEE Department leads the chapter in conducting all the events in SRMIST. The SRM chapter is awarded with MTS Outstanding Student Section award for the year 2019 in the United States of America based on its superior performance in the advancement of society's objectives, including electrical engineering applications in marine sciences and societal benefit activities. SRM MTS Student Chapter has overcome the competitions from international student chapters like Massachusetts Inst of Technology, University of Washington, North

Carolina State University etc. The chapter has active 35 student members and a faculty mentor. The chapter is very active in organizing many technical workshops, competitions for college and school students, school awareness camp in marine related fields and latest technical developments. The student chapter members are awarded with 6 International scholarships for SRM student member during the past 3 years. The chapter has actively volunteered in many activities arranged by MTS INDIA SECTION.

IPowerE Student chapter

The Institution of Power Engineers (IPowerE) was formed in 2019 with the aim to be the leading independent professional body for power engineers, and play a key role in training, developing, and representing industry. The institution's mission is to serve the members and the industry by encouraging the sharing of knowledge in the field of power and energy and to advance conceptual thought, design, development, manufacture, application, operation and maintenance of power and energy plant and systems.

The SRM Institute of Science and Technology became an institutional member of IPowerE professional society in the year 2022. Dr. K. Vijayakumar / Professor is the Lead Member of IPowerE professional society at SRMIST. The IPowerE student chapter was inaugurated in the Department of Electrical and Electronics Engineering, SRMIST on 30th October 2023. Dr. D. Suchitra / Associate Professor and Dr. R. Ramya / Assistant Professor is the Faculty Mentor for IPowerE Student Chapter at SRMIST.

The mission of IPowerE student chapter is to educate the students to become better practicing engineers to meet global excellence, to provide better environment through the latest developments in Power and Energy sector involving problem solving, design, practice, and training and to motivate the graduates to become good leader, designers and researcher through industry-oriented trainings with social and ethical responsibilities.

The Product Development Club

Faculty Mentor: Dr. M. Thenmozhi, Dr. L. Anand and Dr. V. Hemamalini, Dept. of Networking and Communications

The product development club is an effort designed to assist students improve their skills in developing real-world applications, with an emphasis on web and mobile app development. The work we plan on getting ranges from internal projects to freelance work. We want to obtain as many projects as possible so that students can learn about how the industry works.

Our goal is to create a community where people can work together, collaborate, and help one another. We want to give students a platform, as well as some assistance and direction, to help them become better software developers who can create secure, long-lasting, effective, and high-performing apps. In addition, the group brings together like-minded students to participate in Hackathons, Competitions, and Projects together.

If students have any ideas (startups or project ideas), we can provide them with the necessary resources and guidance to help them succeed. Being a member of the Product Development Club will provide students with skills that will last a lifetime and will prepare them for the fast-paced and dynamic technology environment.

GITHUB COMMUNITY SRM

Faculty Mentor: Dr. P. Supraja, Dept. of NWC, SRMIST

GitHub Community SRM is the official student-led community spearheading the Open Source Revolution at SRMIST, Chennai. It is an affiliation of GitHub with the SRM-IST-KTR GitHub Organisation. We attempt to unify all the projects and papers developed under the SRM Institute of Science and Technology under a single banner, the official GitHub Organisation of SRMIST KTR. GitHub Community SRM has organized multiple events to spread awareness and knowledge about open-source software. Some of them include OSSmosis, Skilltober, WomenInTech, and Unhashed. Faculty and students of SRMIST can now avail of premium enterprise,

and students are now eligible to participate in GitHub Externships. GitHub Community SRM will organize its flagship event, '#OSSome Hacks.' A hackathon aimed to innovate open-source. We are a team of highly dedicated undergraduate members contributing toward taking this community to a higher level, and we are always looking forward to recruiting highly motivated students.

Salesforce Student Group SRM

Faculty Mentor: Dr. P. Supraja, Dept. of NWC, SRMIST

Salesforce student group SRM is the official student-led community bringing industry-leading Salesforce skills at SRMIST, Chennai.

Salesforce is the world leader in CRM and the objective of this group is to teach current Salesforce technologies to current students to help secure placements and jobs in top companies.

It is an affiliation of the Salesforce Trailblazer community, Chennai, with the SRMIST KTR Salesforce student group.

The student group plans to organise multiple events over the next 6 months, ranging from recruitments, tech workshops, and cloud computing workshops and also provide verified certificates to all participants. We have currently signed an MOU with IEEE which provides us with technical support and publicity for events.

The group had become inactive owing to the Covid-19 pandemic and due to dissolution of the previous team. The student group has recently been made active again with a new team being appointed. We have contacted the local Salesforce Trailblazer community in Chennai to reinstate sponsorship and swags for upcoming events.

Salesforce Student Group has organised multiple events in the past, such as Trailhead, Techtrail and Furtherance, among many others.

We are a group of highly motivated individuals who aim to take the Salesforce Student Group to new heights and also aid the college in increasing placements in Salesforce-affiliated companies.

HackTheBox SRMIST

Faculty Mentor: Dr. P. Supraja, Dept. of NWC, SRMIST

HackTheBox SRMIST is a community supported by the official HackTheBox Meetups; it is a Chennai-based meetup organized by modern cybersecurity community professionals to educate and train the cyber soldiers of tomorrow to defend the international cyberspace. We are dedicated to preparing the future generation of cyber-warriors at SRMIST and beyond. HackTheBox SRMIST started an initiative to create a Cyber Security based community to host workshops, events, and CTFs to educate the upcoming cyber professionals in and around the Chennai area, graciously sponsored by SRMIST.

THE TEAM ROBOCON

Faculty Mentor: Dr. G. Joselin Retna Kumar, Dept of EIE

The team was formed by a group of students who received funding from the DRDO in 2012. SRM Team Robocon is a multidisciplinary team involved in competitive robotics. The team comprises engineers from various branches, including Mechanical, Mechatronics, EEE, ECE, CSE and Aerospace. The team members are specialized in various aspects of robotics engineering, including Mechanical fabrication, designing and analysis, electronics and circuit designing, algorithm development and coding. The team participates in competitions such as ABV Robocon, which involves making a robot from scratch, which fulfils the problem statement given by the host country every year. As the problem statement is new every year, the contestants are kept on toes.

BioNexus – A Multidisciplinary students club under the Dept. of Biotechnology, SRMIST KTR. Faculty coordinators: Dr. S. Rupa Chandra and Dr. B. Samuel Jacob

BioNexus is a Biotech Student Club with the backup of Anveshna (A Biotech Students Association) of Department of Biotechnology, School of Bioengineering, SRMIST. This club is imbued by having multilateral opportunities to explore

themselves towards entrepreneurship (Team Alpha), skill development (Team Beta), social outreach (Team Gamma), networking (Team Delta), and mental wellness (Team Psy). It might help students to get the most out of their campus life experience while they are at the SRMIST for their academic pursuits. These teams in BioNexus offer limitless opportunities for student leadership and participation beyond academic setup. They could provide a great platform to usher-in the distinctive perspectives and life experiences that all students bring to the college. BioNexus is expected to help in students' transformation and holistic development in a big way by discovering their own niche amongst the extra- and co-curricular activities.

Data Science Community SRM

Faculty Mentor: Dr. B. Sowmiya, Dr. Ida seraphim, Dept. of C.Tech SRMIST

"A technology-driven Data Science-based student-led innovation community at SRMIST". The community aims to foster development and entrepreneurial skills among students and work as a community that inspires thousands. Data Science Community does real-time projects, research activities, meetup organizing, hosting events, and workshops primarily focusing on Data Science, Machine Learning, AI, Blockchain, IoT, Web Development and more. They guide and teach all those who aspire to work in these fields and help them attain better skills and knowledge. All those who love brainfood, listen up, we serve a lot of that here at our Data Science Community. From playing around with data to creating automatic players for your games. From connecting homes to connecting to the world. We got it all covered. Our members work across multiple disciplines to deliver their solutions for the world!

Lift off

Faculty Mentor: Dr. P. Selvaraj, Dept. of C.Tech SRMIST

Liftoff is a Cohort-Based-Club that helps students build, ship and capitalise on side projects. We teach students different skills from Web-dev, Product, Growth, Design, Ideation and help them get practical experience by using those skills in their projects. The core goal is the growth of the students. Not aiming to get the best opportunities, but support them in creating opportunities for themselves. Club is committed to foster a similar culture throughout SRM's campus and help everyone achieve their full potential. Most probably 5 domains such as Growth, Tech, Community, Design and Content are concentrated. The community hires students every semester and teaches them to work in these domains. Once they get a gist they host a 4 week program which is a sprint where they give lectures and help students simultaneously build their projects. At the end of the 4 weeks, they launch

their projects and try to get opportunities through their proof of work. After the program ends, they try to be regular with building projects and help each other out to make our projects better. Students can form teams and even help others from different cohorts. The overall objective of the club is to help others capitalise on their experiences so that they are able to grow both professionally and personally.

Faculty Advisor: Dr Selvakumaran T, Dept. of Aerospace Engineering

IE(I) Students' Chapter under Aerospace Division was established on 25th August 2022 under the guidance and motivation of our Head of Department, Dr. L.R. Ganapathy Subramanian. The students' chapter comprises 50 students from second, third and final year students of Aerospace Engineering with a Faculty Advisor of Dr. Selvakumaran T, Associate Professor. The main objective of students' chapter is to conduct workshops, webinars, seminars and technical competition in various thrust areas of Aerospace Engineering.

Aeronautical Sector Skill Council (ASSC) Students' Chapter, Dept. of Aerospace Engineering, Convener: Dr Selvakumaran T, Dept. of Aerospace Engineering

ASSC Students' Chapter is established from December 2022 under the direction and inspiration of our Head of Department Dr L.R. Ganapathy Subramanian. This life-time students' chapter comprises 43 student members from Aerospace Engineering the with a Convener of Dr. Selvakumaran T, Associate Professor. The main objective of students' chapter is to conduct various technical activities in the field of Aeronautical and Aerospace Engineering. This chapter also shows a pathway for students to interact with a domain expertise from the respective industries.

The Data Science Club (DSC)

Faculty coordinator: Dr. T Karthick, DSBS

I have definitely had experiences living up to the DSC slogan, "Together, ordinary people can do extraordinary things"! The DSC provided exposure to and connections with individuals who were motivated to work towards improving our society. The DSC is a location where you may experiment with and put ideas into practice in the area of your choosing. Our domain is in charge of imparting knowledge and developing experiences that go beyond the physical realm and allow

us to access the internet of the future. We aim to be the main hub for the general growth and development of the student community with interests in big data, machine learning, and data analytics. The Three Major Verticals of DSC are Technical, Cultural, and Corporate.

Objective:

- To foster an atmosphere where students with an interest in data science may learn more about it and pique the curiosity of a stranger.
- To provide students with a foundation in data science and its practical applications.
- To assist students in staying current with emerging technology in their area.
- To steer students in the appropriate path when they have project ideas.

Gen-Y

Faculty coordinator: Dr. T Karthick, Associate Professor, DSBS

Team Gen-Y is a project-oriented, technology-based IT solution student team that aims to integrate and advance the best minds at SRMIST. As a team with mentorship and tips from leaders in the industry, We strive to transform ideas and competitions into aced prospects. Our intention is further enhanced through the continual organization of workshops, seminars, and hackathons. Team Gen Y works to build an excellent community, motivate like-minded people and integrate them to work towards a better society. We strive to make people the best version of themselves with training and teaching inclined towards a more rational and practical approach to problems. Successful projects we have created and hackathons we have won attest to it. Rather than naming Gen-Y a tech club, we love to describe it as a community of more than 100 tech-loving students.

Our Mission

We, Gen-Y aim to inspire the illuminating minds in the field of Technology with a vision to foster global change. We bring developers, designers, and young leaders together under one roof, forming a student-led community to inspire millions! In

addition, we strive to establish new standards of excellence in our respective spheres by teaching and growing as a whole.

Block Chain Club

***Faculty coordinator: Dr. M. Prakash, Dr. A Syed Ismail Assistant Professor,
Dept. of DSBS***

Blockchain Club SRM, the pioneering student-led community at SRM University that is dedicated to exploring the world of blockchain technology, Web3, and decentralization. With a growing membership of over 125 students, this club is fostering young and inquisitive minds, equipping them with the necessary knowledge and skills to make a significant impact in this transformative field.

Blockchain Club SRM has a clear vision of empowering blockchain professionals and enthusiasts, ensuring they stay informed about the latest advancements in the industry. Through a wide range of activities and projects, students have numerous opportunities to apply their knowledge and gain practical experience in the field.

The club has established partnerships with several leading companies in the blockchain space, including Lumos Labs, Router, 5ire Chain, Polygon, Roni Analytics, Bconomy, and more. These collaborations enable members to benefit from real-world insights and networking opportunities with industry experts.

As an active presence in Chennai's blockchain community, Blockchain Club SRM organizes regular activities and events to facilitate knowledge sharing, skill development, and collaboration among its members. Notably, the club recently hosted the largest blockchain hackathon in Tamil Nadu, featuring an impressive prize pool of \$69,420 in SRM. This event showcased the exceptional talent and innovative ideas of club members, thereby driving blockchain innovation in the region. Moreover, Blockchain Club SRM proudly oversees the Polygon Guild Chennai, solidifying its commitment to the growth and development of the blockchain ecosystem. The club's partnerships grant members access to a diverse range of resources and valuable industry connections.

If individuals are interested in becoming part of this dynamic community and exploring the limitless potential of blockchain technology, joining Blockchain Club

SRM is highly encouraged. Together, the club and its members can shape the future, one block at a time.

ALEXA DEVELOPERS CLUB, Dr. A. Murugan, Dept. of DSBS

Alexa Developers SRM is a vibrant community dedicated to nurturing the spirit of innovation among tech enthusiasts at SRMIST. Here, the convergence of voice technology and creative ingenuity drives tangible innovations across various frontiers, including voice-controlled technology, web development, and UI/UX design. It offers a tight-knit community that nurtures knowledge, fosters friendships, and embraces every step of a student's educational journey.

There are four main domains that a member can be a part of when joining the club depending on their interests and skills. The Technical domain blends design with tech in their projects, pushing boundaries and honing skills. They shape interactive interfaces, where design meets user experience, and power application functionalities from behind the scenes. The Business domain focuses on strategic growth through impactful marketing and meaningful sponsorships. Harnessing insights and trends, they craft campaigns that echo with the audience, and their efforts in sponsorships secure mutual growth and long-lasting allies. The Events domain masterminds, manages, and moulds events from the ground up, ensuring each occasion stands out. Their brainstorming sessions birth unique event concepts, turning sparks of imagination into tangible plans. Finally, the Creatives domain works on marrying visuals with narratives, turning ideas into compelling designs and captivating content. Their designs capture the attention and imagination while crafting messages that resonate with their words and give voice to the club's visions.

The members of Alexa Developers SRM curate a diverse range of workshops, hackathons, and competitions designed to inspire and empower aspiring developers. Whether one is new to the world of technology or a seasoned professional, the events offer a platform for continuous learning and collaboration. The mission is to cultivate a community where curiosity thrives and creativity flourishes. Its events are crafted to deliver captivating and practical learning experiences. Each workshop and activity is meticulously designed to be interactive

and engaging. There is a strong belief in hands-on learning, ensuring that participants not only understand concepts but also gain the skills needed to apply them in real-world scenarios. This approach fosters a dynamic learning environment, sparking curiosity and igniting a passion for continuous improvement. Whether one is interested in developing voice applications for Alexa, exploring the latest tech trends, or simply looking to expand your skill set, there is something for everyone. The club provides a transformative journey of innovation and discovery and allows students to be part of a dynamic community where creativity flourishes and collaboration thrives

TEDxSRMIST

Faculty Coordinator: D. B. Hariharan, Department of Computational Intelligence

TEDxSRMIST would be a student-run club with the primary goal of conducting interactive informational talks on campus. The organization would work under the prestigious name of TED conferences, following all the guidelines and standards of a conventional TED conference. Upon establishment, the club would conduct talks involving experienced speakers in a diverse range of fields. It would not only be a great platform for students to gain invaluable exposure through interactive sessions, but also an opportunity for aspiring speakers to convey their ideas.

Next-Gen AI

Faculty Mentor: Dr. S. Selvakumarasamy, Dept. of Computational Intelligence

Hailed as the ultimate future technology, Artificial Intelligence is all set to take over the world and further enhance the essence of human life. Comprehending this vision, the idea for CINTEL's Next-Gen AI was born. Providing an educational and fun milieu, we create a foreground for students to acquire practical knowledge in

the prodigious field of Artificial Intelligence and equip them with suitable strengths to undertake utile and creative projects involving the various subsidiaries of the field. We provide collaborative projects, upskilling programs, summer school programs, research opportunities and help with internship opportunities. The opportunities and experience provided by CINTEL's Next-Gen AI are sure to enhance the student resume and help them in securing good placements.

DOMAINS

We house five technical domains that include:

- Machine Learning / Deep Learning
- Web / App Development
- Computer Vision
- Natural Language Processing
- Robotics

Each of these domains endeavor to further our vision by providing its members with the best informative resources and creating a fun and conducive learning environment. The learning experience is not only limited to the CINTEL (Computational Intelligence) department but also expands to include various other departments like Civil Engineering, Biotechnology and Electrical & Electronics Engineering who we proudly call our collaborative departments. We aim to help our members to understand real-world applications of AI and come up with pragmatic solutions to real-time problems.

Apart from our five technical domains we also have two non-technical domains – Management and Creatives, who, keeping in line with our vision, plan events and activities that further our vision to include all the students of the University.

Faculty Coordinator: Ms. Sasi Rekha Sankar, Dept. of Computational Intelligence

Clubs and events are the highlights of one's college life. Learning is always at its finest when among friends and joining a club is just the perfect place to start. So, get out there to find the people you can say are yours, to build powerful resumes, and take the talent you possess to the stage.

The key Mission, Vision and Initiative of the CINTEL Student Association is listed below :-

Mission: Our mission is to develop a community of like-minded individuals driven by their passion towards technical development. **Initiative:** A collective bunch of technical enthusiasts from the Department of Computational Intelligence who have come together to form a student run association catering to technical development in order to nourish the community.

Vision: Our vision is to create a community where everyone can hone their skills whilst contributing to the overall development of the college community.

CINTEL IEI STUDENT CHAPTER

***Faculty CoordinatorS: D. Maheswari M, Dept. of Computational Intelligence,
Dr. S. Karthick, Dept. of Computational Intelligence***

The Institution of Engineers (IEI), established in 1920, stands as a cornerstone of India's engineering landscape, fostering excellence and innovation in the profession. With a diverse membership base comprising engineers at various career stages, IEI provides a platform for knowledge exchange, professional development, and advocacy. Through its extensive network of branches and chapters across India, IEI facilitates local engagement and outreach activities, while its collaborations with national and international engineering organizations bolster knowledge exchange and technology transfer. IEI's commitment to upholding professional ethics and standards, coupled with its advocacy efforts to influence policy and promote the interests of the engineering community, solidifies its position as a leading professional body driving the advancement of engineering in India.

The IEI student chapter from the Department of Computational Intelligence was inaugurated on 2024 under Dr. Annie Uthra, Professor and Head, CINTEL with faculty coordinators as Dr. S. Karthick / Assoc Prof, CINTEL and

Dr. M. Maheswari / Assistant Professor. CINTEL serves as a vital bridge between academia and professional engineering practice, fostering a culture of learning, innovation, and collaboration among students pursuing computational intelligence disciplines. Through a diverse array of activities including workshops, seminars, technical competitions, and industrial visits, the chapter provides students with opportunities to deepen their understanding of computational intelligence concepts and their real-world applications. Moreover, the chapter serves as a platform for students to network with industry professionals, researchers, and fellow students, facilitating mentorship opportunities and career guidance. By organizing events that promote interdisciplinary collaboration and knowledge exchange, the IEI student chapter from the Department of Computational Intelligence plays a crucial role in nurturing the next generation of engineers equipped with the skills and mindset to tackle complex challenges in the field of computational intelligence.

Women in Tech Club

Faculty Mentor: Dr. K. Kalaiselvi, Dr. K. Deepa Thilak

The Women in Tech Club is an exclusive club dedicated to empowering and enhancing women in technology. A platform for the women of our institution to help them grow in their fields of interest. Developing a platform for women to express their technical skills and showcase their ideas and allow women to display their multifaceted talents and aspirations. Actively advocating for increased female participation in tech programs. Diverse Showcase: Organizing events that go beyond coding, allowing women to display their multifaceted talents and aspirations and Hosting sessions and workshops that empower women with coding expertise and insights into specialized tech areas.

Qwiklabs Developer Club SRMIST is the student-led club dedicated to cloud computing enthusiasts at SRM Institute of Science and Technology, Chennai. As an officially recognized club, we are committed to providing students and faculty with hands-on experience and knowledge in cloud technologies through qwiklabs platform.

Our club hosts various engaging activities such as speaker sessions, hackathons, and workshops, aimed at empowering members with practical skills essential for success in today's digital world. Through our partnership with Qwiklabs, students and faculty gain access to premium resources, enabling them to explore and excel in cloud computing.

Additionally, we conduct regular internal knowledge transfer sessions aimed at empowering our team with essential skills and fostering a collaborative learning environment. These sessions serve as a platform for members to share expertise and stay updated with the latest developments in cloud computing.

Join us at Qwiklabs Developer Club SRMIST and be part of a dynamic community passionate about shaping the future of cloud technology. Whether you're a seasoned enthusiast or just starting your journey, all students and faculty are welcome to join us as we unlock the potential of the cloud together.

School of Architecture and Interior Design

Faculty Mentor: Ms.A. Grace Ansica

The Student Association is a dynamic student organization fostering creativity and engagement. Comprising diverse fine arts and performance clubs, it empowers students to participate in a range of activities, enriching their university experience. The association is coordinated by a team of office bearers.

1. President
2. Vice President
3. Fine arts club coordinator
4. Music club coordinator
5. Dance club coordinator
6. Literature club coordinator
7. Social media coordinator

3. School of Architecture and Interior Design - Art Club

Faculty Mentor: Dr. P. Karuppusamy, Associate Professor (Artist)

School of Architecture and Interior Design- Art Club motivates interested students & faculties to the next level in Art. The Art Club instigates enthusiastic students & faculties in arts, drawing & painting through displaying their artistry in the exhibition. The Art club trains the students & faculties to draw, paint and make digital paintings into manual drawings for the upcoming generation. Rejuvenating Pottery-making practice uplifts, potters' livelihood and propagates this tradition to the future generation as an art form. The student's & faculty's drawing and painting are critically appraised by inviting renowned artists. Various workshops and programs are organized by Art Club, where great artists are invited to team up their artwork with students & faculties to inspire them and offer novel perspectives. The key motto of the Art Club is to make art a common good approach and reach out to all the faculties and the students of our SRMIST campus to take part and bring out their creative zeal and showcase their unexplored self to the world.

4. School of Architecture and Interior Design- Heritage Club

Faculty Mentor: Mrs. Shanmuga Priya, Asst. Professor.

The centre for Architectural Heritage is a brainchild of the School of Architecture and Interior design, SRM Institute of Science and Technology, Kattankulathur formulated in the year 2022. The centre aims to educate and create awareness amongst the students and the public on the importance of our long-lasting heritage and culture.

Architecture and heritage have an innate connection in which Indian history and heritage contribute a wide datum of knowledge to be shared and learnt, creating a connection between the people and place, past and future. The centre aims to understand and preserve the architectural history that never ends, from weighing in on important issues that affect our city's liveability to exploring the history of built spaces and its associated heritage and culture through periodic events, tours, exhibits and collections.

GeCode -The journal club

Faculty: Dr. N S Raja, Department of Genetic Engineering

The GeCODE (Genetic Engineering Community for Open Discussion and Exploration) journal club is an innovative initiative launched by the Department of Genetic Engineering at SRM Institute of Science and Technology. This forum operates as an exciting atmosphere where faculty, students, and researchers can participate in scholarly conversation, share ideas, and remain up to date on the most recent developments in the rapidly progressing domain of genetic engineering. By acknowledging the significance of interdisciplinary cooperation and the sharing of ideas, the journal club extends invitations to distinguished lecturers hailing from various fields to offer their knowledge and perspectives. This initiative cultivates an environment that promotes intellectual inquisitiveness and scientific investigation. Conducted on every third Monday, the GeCODE journal club meetings provide a stimulating environment for attendees to delve into cutting-edge research, critically analyze published literature, and engage in thought-provoking discussions. These sessions not only enhance participants' understanding of complex genetic concepts and techniques but also nurture their critical thinking abilities and communication skills. Additionally, the journal club celebrates the achievements of its members by felicitating students and scholars who have contributed to the advancement of knowledge through their published research articles. By promoting a sense of community and facilitating networking opportunities, the GeCODE journal club serves as a training ground for innovative ideas and collaborative ventures in the realm of genetic engineering.

IE(I) students Chapter

***Faculty Mentor: Dr. M. Uma Devi, Dr. J. Jayapradha and Dr. M. Eliazer, C.Tech
SRMIST***

The IEI student chapter is committed to fostering a dynamic environment of innovation and collaboration among engineering students. Through a range of activities including workshops, seminars, and technical competitions, we aim to cultivate creativity, problem-solving skills, and practical expertise. Our chapter

serves as a platform for students to engage in research projects, publish their findings, and network with industry professionals for internships and career opportunities. We are dedicated to promoting sustainable engineering practices through awareness campaigns and projects that address environmental challenges. Additionally, our mentorship programs offer guidance and support from seasoned engineers, while our outreach initiatives connect us with local communities to provide engineering solutions for societal needs. By collaborating with other student chapters and organizations, organizing study tours, and facilitating continuous learning opportunities, we strive to empower our members to become skilled, ethical, and socially responsible engineers poised for success in their academic and professional endeavors.

Quantum Computing club SRM

Faculty Mentor: Dr. Gayathri. M, Dr.G. K. Sandhia , C.Tech SRMIST

The Quantum Computing Club at SRMIST is an interdisciplinary student organization dedicated to exploring and advancing the field of quantum computing. The club comprises several specialized teams, including the Core Quantum Team, Creatives Team, AI-ML Team, Web Development Team, and Corporate Team. Each team plays a unique role in promoting quantum computing knowledge, fostering innovation, and establishing industry connections within the university community. The club promotes and advances quantum computing within the university community through educational seminars, workshops, and events. The club serves as a platform for students to enhance their understanding, gain practical experience, network with industry professionals, and contribute to the growth of quantum computing.

Entrepreneurship cell (E Cell)

Faculty Mentor: Dr. J D Dorathi Jayaseeli, Dr. Mukesh, SOC, SRMIST

The Entrepreneurship Cell at our college is a hub of innovation and entrepreneurial spirit, dedicated to nurturing the next generation of business leaders. Through a blend of engaging events, hands-on workshops, and inspirational talks from

seasoned entrepreneurs, we empower students with the skills and knowledge needed to turn their visionary ideas into successful ventures. Our mission is to foster a vibrant entrepreneurial ecosystem that encourages creativity, collaboration, and practical learning, transforming raw potential into real-world impact. Join us at E-Cell, where your entrepreneurial journey begins and your potential knows no bounds!

ASI Students Chapter

Faculty Mentor: Dr. S. Nagadevi, Dr. Godfrey Winster and Dr. R. Vidhya, C. Tech SRMIST

The objectives of the ASI Students Chapter are to foster a collaborative and inclusive environment for students interested in artificial intelligence, to provide educational resources and opportunities for hands-on experience in AI projects, to facilitate networking and mentorship among peers and industry professionals, to promote awareness of ethical considerations in AI, and to encourage the application of AI solutions to real-world problems. Additionally, the chapter aims to organize workshops, seminars, and competitions to enhance members' skills, to collaborate with other student chapters and organizations for interdisciplinary projects, and to advocate for the integration of AI education into the broader academic curriculum. Through these initiatives, the chapter seeks to inspire innovation, critical thinking, and a passion for AI among students.

Coding Ninjas Club SRM

Faculty Mentor: Dr. M. Uma Devi, Mr. Senthil Raja and Dr. C. Muralidharan, C.Tech SRMSIT

"Coding Ninjas: Skill For Life" We are a dynamic and student-led club that harnesses the power of technology to inspire and transform the world around us. We are a vibrant community of forward-thinking individuals united by a common goal: to ignite innovation, drive positive change, and empower the next generation of tech pioneers. Through cutting-edge workshops, hands-on projects, and collaborative problem-solving, we equip our members with the tools and knowledge they need

to conquer the digital frontier. From coding and development to artificial intelligence and the non-technical activities as well, we dive into the forefront of technological advancements, enabling our members to develop invaluable skills that will shape their future careers. Coding Ninjas is more than just a club. We are a launchpad for creativity and imagination, fostering an environment where ideas flourish and dreams become reality. Together, we cultivate a culture of curiosity, perseverance, and collaboration, unleashing the limitless potential within each of our members.

Google DSC club

Faculty Mentor: Dr. M. Uma Devi, C.Tech , SRMIST

Google Developer Student Clubs (GDSC) is a global community of university students who are passionate about Google technologies. GDSC clubs are student-led and provide opportunities for students to learn about Google technologies, network with other students and professionals, and give back to their communities. GDSC clubs offer a variety of activities and events, including tech talks, workshops, hackathons, and community service projects. These activities provide students with the opportunity to learn new skills, build their networks, and make a difference in their communities. GDSC is a great way for students to learn about Google technologies, network with other

students and professionals, and give back to their communities.

Cherry+ network

Faculty Mentor: Dr. B. Sowmiya C.Tech, SRMIST

Launching your dream career starts at Cherry+ Network, a student club designed for ambitious individuals like you. We prioritize two key objectives: developing top-tier skills and building a powerful network that empowers your future. Our dynamic environment caters to your specific goals. Hone your technical expertise through workshops and industry guest speakers. Unleash your creativity in the Design Domain, or explore innovative thinking with fellow minds. The Events Domain provides hands-on experience in planning and executing engaging activities. But Cherry+ Network goes beyond skills. We help you connect with potential sponsors

and industry leaders, offering invaluable insights and potentially opening doors to future opportunities. Most importantly, you'll build a strong network of peers across different domains. By supporting each other's growth and fostering relationships, Cherry+ Network evolves you from a student with potential into a career-ready professional, backed by a network that fuels your success.

FOSS Club

Faculty Mentor: Dr. Eliazer. M, C.Tech SRMIST

1. To raise awareness about the benefits of contributing to open-source software.
2. To promote learning and collaboration among students by organizing workshops, developer conferences and FOSS hackathons.
3. Bridge the gap between student communities and developer communities like FOSS United enabling them to directly connect with people from the industry

Hexadynamics

Faculty Mentor: Dr. Ida Seraphim. C.Tech, SRMIST

The main objective of Hexadynamics is to pioneer the fusion of Artificial Intelligence (AI) technology with First Person View (FPV) drones, thereby revolutionizing the landscape of drone innovation. Through collaborative endeavors and immersive projects, we aim to cultivate a culture of technological curiosity and proficiency among the student body at SRM. Our focus is crafting application-oriented drones that transcend conventional boundaries and find utility across diverse domains. We are dedicated to instilling a profound understanding of AI-powered drones and the captivating realm of FPV technology, thereby empowering our members to become forward thinking leaders in the field of drone technology.

IEEE Computer Society

Faculty Mentor: Dr. Godfrey Winster, Dr. Baskar, Dr. Sindhuja, Dr. Gokulakrishnan, C.Tech, SRMIST

Advancement of Computer Science and Engineering: Research Support: Encourages and supports research in computer science and engineering fields. Publications: Publishes high-quality journals, magazines, and conference proceedings to disseminate new research and developments. Standards Development: Develops standards to ensure interoperability and quality in computer systems and software.

Professional Development:

Continuing Education: Offers resources and programs for ongoing professional development, including conferences, workshops, and webinars.

Certification: Provides certification programs like the Certified Software Development Professional (CSDP) and others to validate professionals' expertise.

Career Support: Offers tools and resources for career advancement, including job boards and career guidance.

Educational Support:

Curriculum Development: Works on developing and enhancing computer science curricula at various educational levels.

Student Outreach: Supports student chapters and provides resources for students to engage in computer science.

Scholarships and Awards: Offers scholarships and awards to recognize and support outstanding students and educators.

Community Building Membership Engagement: Fosters a global community of computer professionals and provides networking opportunities through local chapters and special interest groups.

Conferences and Events: Organizes international conferences, symposia, and workshops to facilitate knowledge sharing and networking.

Volunteer Opportunities: Provides opportunities for members to volunteer, contribute to society activities, and develop leadership skills.

Promoting Innovation and Technology Transfer Industry Collaboration: Facilitates

collaboration between academia, industry, and government to promote the practical application of research Technology.

CSI Student Chapter

Faculty Mentor: Dr. Madhumitha

The objectives of the Computer Society of India (CSI) Student Chapter are to provide a platform for students to explore and enhance their knowledge in computer science and information technology, to facilitate access to resources, tools, and industry insights necessary for academic and professional growth, and to foster an environment that encourages innovation and problem-solving. The chapter aims to organize workshops, seminars, technical competitions, and hackathons to develop practical skills and stay updated with the latest technological advancements. Additionally, the CSI Student Chapter seeks to promote collaboration and networking among students, faculty, and industry professionals and to instill a sense of professional ethics and responsibility, preparing students to contribute effectively to the IT industry and society at large.

Software Quality Assurance Community (SQAC)

Faculty Mentor: Dr. Suganya M, C.Tech SRMIST

The Software Quality Assurance Club (SQAC) aims to enhance students' understanding of software quality principles and practices while deepening their overall knowledge of computer science. It provides a platform for students to explore the intricacies of software testing and assurance through various activities and resources. The club organizes workshops, seminars, and hands-on sessions on topics such as automation testing, bug tracking, and QA methodologies. Students gain practical skills essential for the evolving industry, including test automation and continuous integration. By fostering collaboration among students, faculty, and industry experts, the Club promotes networking and the adoption of best practices in software quality, preparing students for successful careers in software development and quality management.

IoT Alliance Club (Electrical Division)

IoT Alliance Club – Electrical Division is an AICTE ‘SPICES’ funded student club of SRM Institute of Science and Technology that revolves around the world of Embedded Systems and Internet of Things. Our team encourages research and product development, while reaching out to students through workshops and internships with the aim of sharing knowledge. This club is redefining the faculty, alumni and junior connect to a new dimension. It is an initiative to help students to become better at developing the Internet of Things (IoT) focused more on real-world applications. Dr. A. Geetha and Dr. D. Karthikeyan, Assistant Professors. EEE Department are the faculty mentors for the IoT Alliance Club (Electrical Division). The club provides the opportunity to do collaborate with the Department of Networking and Communications to support software development, and freelance projects for companies and collaborate together. A diverse range of workshops, projects, and industry visits have been meticulously organized for electrical engineers and enthusiasts, covering various facets of IoT, sensor technology, and industry insights. Few of the achievements made by the active members of the IoT Alliance Club (Electrical Division) are,

- Journal Articles and Patents Publications by the students.
- Students’ participations in many project expos, hackathons, ideathons and winning prizes and medals.
- Internship opportunities to students in Core Industries.
- Placement opportunities to students via club activities.

Indian Association of Energy Management Professionals SRM Student Chapter (IAEMP):

The Indian Association of Energy Management Professionals (IAEMP) is an association which was started by likeminded Certified Energy Auditors/Energy Managers in 2006 to make our nation self-reliant in energy sector. The SRM-IAEMP Student Chapter was inaugurated at the Department of Electrical and Electronics Engineering, SRM IST, Kattankulathur on 24th March 2023. Energy conservation, increasing the efficiency of electrical instruments, increasing the usage of

renewable energy resources, techniques to increase energy production and creating awareness to the public about the importance of energy management and energy management in buildings are the key objectives of this chapter. Dr.U. Sowmiya /Associate Professor, EEE Department is the faculty mentor for the SRM Chapter.

Benefits of Members of SRM-IAEMP Student Chapter:

Periodical Industry Expert Talks

Industrial Visits to gain knowledge on the avenues of energy conservation

Internship at Industries and Research Institutes

Hands-on training on equipment related to Energy Auditing

Project Guidance and Mentorship by Industry Persons

Team1.618:

Team 1.618 is the Official Hybrid Formula Student Team of SRM Institute of Science and Technology. The team was founded on 14th August 2014 & is a multi-disciplinary group of engineering & technology students, from different branches of engineering namely Aerospace, Automobile, Mechanical, Mechatronics, Electrical, Computer Science and Electronics. The team is guided and mentored by faculty advisors of the institute. We have participated in reputed national and international events such as Formula Student UK, FMAE FFS India and Formula Imperial (previously called HVC). 2x National Champions at Formula Imperial.

The team designs and fabricates a Hybrid race car powered by an internal combustion engine as well as electric motor under the Formula Student regulations to compete with other teams all over the country. The team is under the Electrical and Electronics Department of SRMIST, KTR. The team is headed by Dr. Vijayakumar K (HOD of EEE) and Dr. Mohanraj K (Faculty Advisor of Team 1.618) Website: <https://team1p618.co.in/>

Automation Club

Faculty Mentor- Dr.G. Joselin Retna Kumar, Dept. of EIE

Established under the SRM-ISA chapter in order to encourage research and innovation in automation technologies through projects, competitions, and collaboration with faculty members and industry partners, fostering creativity and problem-solving skills among the members.

<https://www.linkedin.com/company/team-automation-club-srmist/>

Electro Innov Tech Club

Faculty Mentor- Dr. A. Asuntha, Dept. of EIE

This Club was started in the year 2018 in the Department of Electronics and Instrumentation Engineering. It is a student club featuring hands-on learning through Arduino Uno and other similar Electrical Platforms. The main aim of this club is to provide students a platform and resources to gain practical skills and realize projects using Arduino. Hands on training will be provided for 5 days per semester and the duration of the workshop will be 35 hours. A detailed coverage of Arduino programming will be provided, so that the students can easily deploy Arduino Uno board in applications such as Robotics, Automation, Internet of Things (IoT), Healthcare and many more.

LabVIEW Club

Faculty Mentor- Dr. R. Bakiya Lakshmi, Dept. of EIE

LabVIEW Club was initiated during the academic year 2022-23 with the motive to equip the students in the field of Virtual instrumentation. Virtual instrumentation is one of the emerging field of Instrumentation which uses customizable LabVIEW software and measurement hardware to create user-defined virtual instruments. The club helps the students to interface the hardware kit with LabVIEW software for research and project purposes. The club has about 30 student members who show active involvement in learning the software. Regular classes are conducted every weekend in the department lab venue, where senior students teach and demonstrate LabVIEW program and train the students in different aspects of the software. Once every 2 months, an academic mentor from Industry/ R&D institute is invited to deliver tech talks on topics relevant to the software and hardware and project expo has been organized to showcase the developed models.

CENTRE OF EXCELLENCE AND SKILL DEVELOPMENT

CENTRE FOR ELECTRONICS SKILL DEVELOPMENT AND CONSULTANCY SERVICES (CESD)

VISION

Our vision is to create a holistic environment for Electronics system design, fabrication and test facility for the budding researchers, engineers and professionals for up-skilling and also to execute their concepts to product development training and consultancy services in the niche areas of core and multidisciplinary domains.

MISSION

- CESD will foster to provide experiential learning experience and mentorship to the budding engineers
- CESD is to provide an environment for up-skilling through ab-initio training to meet the requirements of the contemporary core industry.
- CESD is to create state of art infrastructure to attract the stakeholders, and also to grow as a Centre of excellence in the area of up-skilling.
- CESD and Consultancy services are to provide solutions for the contemporary issues in the multidisciplinary areas and also to attract national and international recognition through the services.

About CESD and CS Facilities

This Centre is developed to provide holistic experience to the stakeholders (Students / Research Scholars / Faculty / Innovators / Entrepreneur / startup) on electronics and RF circuit design, manufacturing, testing and characterization. Centre comprises of specialized laboratory that facilitates the design / fabrication / testing / RF Characterization facility to cater the need of stakeholder project / product development, research works and industrial requirement. This infrastructure is also used to conduct skill development training programs for students, teaching and industry professional in the respective areas in the Electronics design / fabrication / antenna characterization, which helps the stakeholder become an industry ready engineer.

In this centre we have high speed computing facilities with standard EDA tools like Altium, Orcad, TINA, etc, with academic and commercial license. We also have PCB Fabrication facility for making fast prototype to large volume production with skilled manpower. Electronics manufacturing system (EMS) facility is developed with state of art equipment to handle through, hole and SMT devices for mass production.

The RF Design and characterization lab is equipped with HFSS software for RF Components and circuit design and also has Anechoic chamber having a test capability up to 40 GHz supported with a Keysight-Vector Network Analyzed (VNA) of 14 GHz for characterization.

We have a team of Consultants available in various domains and will provide consultancy services in the following areas like Antenna design, fabrication and characterization, Embedded system design, Artificial Intelligence / Machine learning / Deep learning, Image and video processing (All categories), Signal processing (Analog and Digital), RF circuit design, analysis and characterization, VLSI Design (Complete design flow) Communication system (5G and beyond), Millimeter wave communication, Optical communication, computing and network, Nanoscale device modeling, Robotics and automation, Block chain, Drone communication and control technologies, AR / VR and other multidisciplinary domain, Hardware and software security, etc.

CESD Facility is open for all users of SRMIST and external users.

Total Cost Equipment and Instrument is Rs. 15,504,223/-

The Centre for Electronics Skill Development and Consultancy Services is located in Basic Engineering Laboratory Building, 2nd Floor, and Room no. BEL304, BEL305, BEL306, BEL307 & BEL308

ACCMS-Global Research Centre (GRC)

The Asian Consortium on Computational Materials Science (ACCMS) was set up in order to nurture and promote research and development activities in computational materials in Asian countries.

Global Research Centre is set up in SRMIST to attract a large number of young and high level researchers from all over the world. The establishment of this real centre promotes Multidisciplinary research thereby opening new collaborations not only academic but also industrial. The centre serves as a hub to promote computational research in various fields like Multi scale modeling and simulations, Materials for energy storage and conversion, Nano devices for information storage, Nanostructure materials, multiferroics materials, 2D materials, vdW materials, Biomaterials, Biosystems, Bioinformatics, Bioengineering and Nanomedicine, Physical organic materials, Catalytic materials, Advanced composite and functional graded materials and structures, Oxide based materials, Materials Informatics and Genome, Computational mechanics of advanced materials and structures, Static and dynamic stability of composite plates and shells, and more.

AUTOMOTIVE SKILLS DEVELOPMENT COUNCIL (ASDC)

SRMIST is the authorized training partner of Automotive Skills Development Council (ASDC). The ASDC is the first development skill council of India, promoted by the Automobile industry through various bodies. The aim of SRM - ASDC is to make skills an enabler of our sector's growth. This centre aims to provide the skills and knowledge for school / college dropouts to ensure jobs in formal sector and improve the social development of society.

SRM – ASDC Centre provides hands on training skills in following Qualification Pack (QP) as per NSDC standard.

- Automotive Service Technician
- Automotive Electrician
- Automotive Brake Specialist
- Automotive AC Specialist

The objective of this course is to make industry-ready engineers. This course consists of the following components.

- Diagnosis and routine repair requirements of the vehicle
- Major repairs and Overhauling of the vehicle
- Diagnosis and repair of Electrical and electronic faults in a vehicle.

This QP's are delivered as 80% practical 20% theory and at the end of the course, assessment is carried out by ASDC. Successful candidate details and their domain specialization are available at Skill Development Management System (SDMS) portal.

SRM – BRIN CENTRE “CENTRE OF EXCELLENCE IN AUTOMATION TECHNOLOGIES”

Centre Head: ***Dr. D. Kingsly Jeba Singh***, Professor and Chairperson, School of Mechanical Engineering

Faculty Trainers:

Dr. R. Murugesan, Dr. S. Oliver Nesa Raj, Mr. S. Muralidharan, Mr. V.

Veeranath Mechanical Department

Dr. Baskara Sethupathi, Automobile Department

Dr. G. Joselin Retna Kumar

Dr. J. Sam Jebakumar, Electronics and Instrumentation ***Dr. K. Sivanathan***,

Dr. Ranjith Pillai R, Mechatronics Department

SRM Institute of Science and Technology, College of Engineering and Technology has established the “***SRM–Bosch Rexroth India (SRM-BRIN)*** Centre of Excellence in Automation Technologies - A joint training centre” in Collaboration with Bosch Rexroth, Germany who are market leaders in drives and control equipments. The primary objective of this centre is to produce trained manpower for automation in industries. This is a state-of-the-art training facility in pneumatics, hydraulics and PLC technology at SRMIST, Kattankulathur, Chennai.

The SRM-BRIN centre will act as an independent centre to cater the needs of the technical institutes like Polytechniques, Engineering institutes and Industries in this region specifically in Chennai. The objective of the centre is to bridge the gap between the Industries and the Institutes and to provide industry ready manpower in manufacturing plants of Automotive Applications, Industrial Automation, Machinery Applications and Engineering.

The centre will function on the concept of Industrial environment in the Institute by providing hands on training to the trainers in different fields of automation. The modules like basic hydraulic technology, industrial hydraulics, proportional technology, basic pneumatics, industrial pneumatics, closed loop pneumatics and PLC based controls. On successful completion of above mentioned modules, the

trainees will be given a "Joint Completion Certificate" by SRM-BRIN centre. This training centre can design and offer tailor made courses for employees of industries. Also, the Centre will provide solutions to the industrial problems through the consultancy works and projects on need basis to enhance Industry- Institute-Interaction.

Centre for iOS App Development

SRM Institute of Science and Technology, Kattankulathur Campus, is proud to offer a first-of-its-kind industry-academia collaboration program at our Centre for iOS App Development. This centre offers students a valuable first-hand learning experience with the latest platforms such as iOS, iPadOS, macOS, tvOS, and watchOS. The students of this program are mentored by Apple certified trainers and industry professionals to equip them with the skills and knowledge to transform the student community into world class impactful iOS app developers.

This program complements the curriculum of the university and adopts best industry practices preparing students for careers in the iOS app economy. The program is of two semesters duration and the students are awarded academic credits for completing this as professional electives.

SRM Institute of Science and Technology has established a world class learning centre with state of the art infrastructure in an area of about 7500 sft with an investment of about 250 Lakhs. This centre has been designed to foster creativity and innovation by providing a collaborative learning environment with a refined pedagogical practice for a project based learning approach. The first cohort of students have completed an industry-led internship and is now progressing towards the final app showcase scheduled for mid-June 2023. We are currently inviting applications for the second cohort of 100 students.

CENTRE FOR ADVANCED CONCRETE RESEARCH (CACR-CIVIL)

ABOUT OUR CENTRE

Centre for Advanced Concrete Research (CACR) at SRM Institute of Science and Technology, Kattankulathur was started in the year 2010 to carry out interdisciplinary research in the field of concrete, a most common material of construction in any built environment and a necessity for accelerated economic development.

OBJECTIVE OF THE CENTRE

The main objectives of our centre are,

- ✓ To identify the improvements / modifications desired in the existing conventional concrete construction practices.
- ✓ To develop new materials of construction with lower 'carbon footprints' and reduced 'embodied energy contents'.
- ✓ To formulate guidelines for ecofriendly constructions.
- ✓ To undertake sponsored investigation studies to find solutions for specific field problems in the construction industry from considerations of selection of appropriate materials and disposals of waste/by-products from industry.
- ✓ To perform all types of consultancy works on concrete especially mechanical studies, durability studies, non-destructive testing studies etc.
- ✓ To conduct seminars / workshops / advanced courses to disseminate the latest knowledge in the field of concrete composites.

TEAM MEMBERS

S.No	Name	Qualification	Designation
1	Dr. P.R. Kannan Rajkumar	M.E., PhD	Coordinator
2	Mr. J. Baskara Sundararaj	M.Tech., (PhD)	Project Officer
3	Mr. M. Jegan	M.E., (PhD)	Project Officer
4	Mr. B. Dinesh Kumar	B.Tech	Senior Technical Asst.
5	Mr. M. Selvam	HSC	Lab Helper
6	Mr. D. Venkatesan	HSC	Lab Helper

NOTEWORTHY FINDINGS /INNOVATIONS

- ✓ DST sponsored R&D project on geopolymers concrete for field applications.
- ✓ Geopolymer concrete for road construction
- ✓ Development of one part Alkali Activated Geopolymer Matrix for Building Blocks.
- ✓ An eco friendly geopolymers concrete has been developed and it has compressive strength ranging from M20-M80.
- ✓ Geopolymer Portland Cement Free Binder System from Industrial Wastes has been developed.
- ✓ Developed high temperature resistance Geopolymer composites.
- ✓ Process technique of alkaline activator solution was developed.

NOTABLE ACHIEVEMENTS

- ✓ Geopolymer Concrete Building for an area of 850 sqft in SRMIST Kattankulathur.
- ✓ Geopolymer Demo Building at Raichur, Karnataka.
- ✓ Precast Geopolymer Toilet Block at SRM IST, Kattankulathur.
- ✓ Demo Geopolymer Pavement for ACCE Program at Pandian Hotel, Madurai.
- ✓ Geopolymer Paver Block Production at ASR Bricks, Coimbatore.
- ✓ Geopolymer Road was constructed in RKM Powergen Limited, Chhattisgarh.
- ✓ Geopolymer Road constructed in SRM Medical College and Hospital, Kattankulathur.

CENTER OF EXCELLENCE FOR ELECTRONIC COOLING AND CFD SIM LAB

Vision:

To excel in the field of electronic cooling technology by focusing the global needs

Mission:

Investments on training and development of human resources at academic premises on electronic cooling technology from as industrial perspective.

Facilitate the young leaping talents with state-of-the-art infrastructure to empower their career in electronic cooling sectors.

Lead the centre with multidisciplinary exposure to innovate sustainable cooling techniques / products to facilitate the society with economic viability.

Objectives:

- To develop a curriculum in the field of electronic cooling from an industrial perspective.
- To conduct regular / elective / value added courses and minor programs in e-cooling.
- To guide the students for their minor and major projects with multidisciplinary exposure.
- To establish state-of-the-art infrastructure for both software and hardware Laboratories.
- To arrange industrial visits / internship for the registered students accessing the centre regularly.
- To conduct hands-on training in computational fluid dynamic software available and applicable for e-cooling.
- To arrange Internal / Expert lectures in the field of e-cooling for the registered students accessing the centre regularly.
- To conduct summer and winter internships within the centre for the registered students accessing the centre regularly.
- To arrange placements for performing students at the centre.

- To motivate the interested students to do their research activities at the centre.
- To guide and support the students to pursue their higher studies at top ranked institutes with reputed journal publications and letter of recommendations.
- To establish a memorandum of understanding with leading industries / R&D organizations.
- To submit the project proposals for funding agencies with National / International collaborations.

RULES AND REGULATIONS

The students must be aware of the Vision and Mission of the University. They should be familiar with their Departmental goals. Students should take all efforts to enable their Department to achieve these goals.

The students shall be thoroughly familiar with the regulations which are available at the University website www.srmist.edu.in. The curriculum and syllabus of various programs are also accessible at the website.

Some important aspects of the rules and regulations based on the present University regulations are reproduced here for strict compliance. These are subject to changes effected by the Institution from time to time.

1. Punctuality and Attendance Rules

- Attendance is the physical presence of the student in the class/laboratory/field work. It is a well-observed fact that the students who score good grades are those who attend the class/laboratory/field work, regularly. Therefore, the students must strive to attend all the classes without fail. Therefore, the students must strive to attend and sincerely participate in all the assigned learning activities without fail. Every faculty member handling a course will take attendance till the last working day in the semester.
- A student must maintain an attendance record of at least 75% in individual courses, **exclusive** of the leave of absence **due to medical reasons**, on-duty, extracurricular/extramural activities, permitted assignments such as job interviews, unforeseen emergencies etc. Without the minimum attendance of 75%, in any course, students become ineligible to appear for the end semester examination in that course. His/Her registration for that course will be treated as cancelled and the student should register and repeat the entire course when it is offered next.

- A student must strive to attend all the classes without fail. However, the minimum attendance requirement of 75% allows a student the facility to use the balance 25% to account for illnesses, permitted assignments such as job interviews, inter-university sports meets, inter-collegiate/inter-university competitions, accidents, unforeseen emergencies etc. An attendance of 75% in a course is considered to be the minimum required for a student to get just enough input on the course syllabus through class room contact hours to make him/her eligible to appear in the end semester examination for that course. It is the responsibility of each and every student to keep track/monitor his/her percentage of attendance daily for each course and ensure that he/she satisfies the attendance norms prescribed by the University. If the student finds any discrepancy/error in the attendance status, he/she should immediately on the same day bring it to the attention of the concerned faculty member and seek redressal.
- ***Condonation of Attendance*** In rare and genuine cases, a committee consisting of the Dean -CET and Head of the concerned department will examine the case, based on the documents submitted by the student, facts and circumstances. The documents may include medical certificate, permission sought by the parents and students just before or just after the commencement of medical treatment, fitness certificate, evidence of being treated as in-patient and/or recommendation for convalescence etc. as applicable to particular situations. The assessment will be done by the committee on the merit of the case, and their recommendation will be communicated to the Vice Chancellor. The Vice Chancellor, based on the recommendation of the committee may then give condonation for the inadequate attendance. But in any case, the condonation cannot exceed 10%. ***It is to be noted that condonation of attendance shortage is not a right to be claimed by the student but to be considered only in the rarest of rare cases.*** Once the medical leave is rejected by the committee, the period for which condonation is claimed will be treated only as 'absent'. Only those cycle tests, quizzes, surprise tests or any other forms of internal

assessment conducted during the approved condonation period will be re-administered. **No condonation will be considered for end semester examinations.**

- It is compulsory that a leave letter in an approved format should be submitted for Medical reasons. Medical leave letters should be signed/counter signed by parents/guardians/Hostel Warden. Medical leave letters should be accompanied by medical certificates for availing leave. Prior permission must be obtained for availing leave in other than emergency cases. A fitness and medical certificate should be submitted while rejoining the classes. Students are prohibited from producing false / fabricated certificates the act of which will result in grave disciplinary action against them.
- It is important that all students are present on the enrollment day as well as on the last working day. Absence will be permitted only for unavoidable reasons with prior permission. Suitable fine will be levied for absence on the course enrollment day and the last working day of the semester.
- Students should be punctual to the class and should equip themselves with calculators, approved drawing materials, instrument boxes, record note books and standard notebooks as and when necessary. Since the faculty will be taking the attendance at the commencement of the class, even one or two minutes of late entry will lead to the student being marked absent for the class which may ultimately lead to his/her attendance falling below 75% at the end of the semester.

2. Ragging

Ragging in any form is strictly forbidden, and severe action will be taken against those who indulge in such activities as per the Tamil Nadu Prohibition of Ragging Act No.7 of 1997. Please refer to the following URL to know about what constitutes ragging and actions that must be taken against those who indulge in ragging:

<https://www.srmist.edu.in/life-at-srm/anti-discrimination-anti-ragging/anti-ragging/>

3. Discipline

- Every student is required to maintain discipline and decorum both inside and outside the University campus and should not indulge in any activity that will tarnish the reputation of the University.
- Any act of indiscipline by a student first will be scrutinized/considered by the Discipline and Welfare Committee of the Department/School for necessary action. If the issue demands more serious consideration, the act of indiscipline will be reported to the Dean (Engg. & Tech.), and he will refer it to the Discipline and Welfare Committee of the University, constituted by the Vice Chancellor.
- The Committee will enquire into the charges and recommend suitable action if the charges are substantiated. The Dean CET will take appropriate action based on the recommendation of the Discipline and Welfare Committee.
- Dean (Engg. & Tech.) may suspend a student pending inquiry depending upon the *prima facie* evidence.
- Appeal: The student may appeal to the Vice Chancellor whose decision will be final and binding.

4. Standards on attire and Accessories

Students are required to wear their identity cards **ONLY** on the neck with SRM tag **ONLY** in an easily noticeable way when they are at all times within the college premises and also when they travel using the College of Engineering and Technology transport. Not wearing the identity card will be considered as an act of indiscipline.

Laboratory Dress code

No loose garments are permitted in the workshop / laboratories. Both boys and girls students have to wear leather shoes in the workshops. In the workshops, the uniform for a girl student is grey overcoat and for a boy student it is grey trousers and grey shirts. In Physics and Chemistry laboratories all the students have to wear white overcoats.

On play fields, the standard attire is shorts and vests or jerseys. Footwear used on the field should be securely strapped at the heel.

In case of violation of the dress code, the student concerned will be asked to leave the academic session.

Visiting students are also expected to observe the Standards on Attire and accessories. All students will wear presentable dress which is neat, clean and ironed.

Students are strictly instructed to adhere to the following Standards on Attire and accessories while attending the college for Lectures / Practicals / Library / Laboratories and formal functions of the Departments / Institution.

<i>Boys</i>	<i>Girls</i>

Additional clothes / accessories for Laboratories

- Grey / white over coat for girls as per the laboratory need
- Grey trousers and grey / white shirts as per the laboratory need
- Leather / synthetic shoes

5. Use of Cell Phones

SRM Management understands the necessity of cell phones in a student's life. But the management is totally against its over-use or misuse.

- Use of cell phones inside the classroom in an unauthorised manner when the class is on, is strictly prohibited. However, with the specific permission of the concerned faculty a student may use it to take photo of notes etc.
- The Cell phone of the student who uses it in the class without the permission of the faculty will be confiscated and action will be taken.
- The student found with a cell phone during cycle test / model examination / practical exams / University examinations will be severely punished which will involve cancellation of tests/examinations or debar from writing further tests/examinations.

6. Overall Progress

- Students should maintain good academic progress on a continuous basis.
- Students should maintain satisfactory progress on all fronts.
- Corrective actions proposed by the Department to maintain academic excellence should be strictly adhered to by the students.
- Unsatisfactory performance will also render the students ineligible to appear for University Examinations.

7. Hostellers

- Students admitted to the University hostel shall abide by the existent rules and regulations at the time of admission and as amended from time to time.

- A student dismissed from the Institute shall automatically cease to be a member of the Hostel.

Apart from the rules and regulations prescribed above, following exhortations are made to the students aimed at their well-being:

- ❖ Chennai and nearby areas have long beaches. Students are firmly advised not to take bath in the seawaters as the unpredictability of killer currents and monster waves may lead to untoward accidents.
- ❖ The students are advised to be extremely cautious while crossing the busy National Highway adjacent to the campus. Students are cautioned not to walk across or along the railway tracks in front of the campus or anywhere else. Carelessness on the part of students has led to many unfortunate fatal accidents.
- ❖ Students crossing the highway near the main campus should invariably use the foot-overbridge. Students not using the bridge will be penalized by the traffic police and the University authorities.
- ❖ Students are strictly forbidden to smoke/consume alcoholic drinks/take drugs inside the campus or for that matter anywhere else. Such habits irreparably wreck the career of the students.

Revised Procedure for Students to file online Anti-Ragging Affidavit

As per the AICTE Regulation 2009, it is compulsory for each student of SRMIST and his/her parents/guardians to submit an online understanding each academic year at the website, www.antiragging.in. As part of UGC's initiative to reduce the compliance burden of students, UGC has revised the procedure for students to file online Anti-Ragging Affidavit as follows:

Step 1: The student has to submit his/her details on the above website after reading and confirming that he/she and his/her parents / guardians have readand understood the AICTE regulations on curbing the menace of ragging and he/she will not engage in ragging in any form.

Step 2: The student has to forward the weblink received through email from antiragging portal to his/her faculty advisor for recording of the Anti-Ragging Undertaking Reference Number generated by the portal.

The university has inserted a mandatory field in the academic enrolment form to capture the above reference number of each and every student. Further the university has taken steps to display the anti-ragging posters with email addresses and contact numbers of SRMIST Anti-Ragging Committee Members the university website and across the campus to create awareness among the students. In addition, complete information / guidance on anti-ragging measures is made available in the following weblink of SRMIST website:
